Italian Ace Completes Flight Over Atlantic

(International News Service)
RIO JANEIRO, Feb. 24.—Commander Francesco De Pinedo, Italian ace, today completed his hydroplane flight across the South Atlantic, arriving at Natal on the cost of Brazil from the island of Fernando De Noronha.

Commander De Pinedo hopped off from Fernando at 7:50 this morning, after having worked most of the night in making repairs to his machine which was damaged on Tuesday at Fernando, and arrived at Natal at 9:26.

The distance between Natal and Fernando is approximately 150 miles.

De Pinedo's arrival in Natal today makes him the second flier to cross the South Atlantic, Ramon Franco, Spanish flier, having accomplished the flight last year.

Toast Is Best U. S. Food, Girl From China Insists

Exclsive Central Press Dispatch to New Castle News.

ANN ARBOR, Mich., Feb. 24.—"Toast is the best American food" maintains Miss Sih Eu Yang, graduate student of the University of Michigan who is returning to her native China.

"You have many things that we do not have and your food is very different from ours but I like toast best. Your pie, which you say is a typically American dish, I think is too sweet.'

Miss Eu Yang came to the University of Michigan in February, 1926, to obtain a master's degree in business administration. She has completed her work and is now returning to her home in Shanghai.

"Same Things Too Often."

In further expressing her opinion of the American dietary Miss Eu Yang says: "It is hard for the Chinese to become accustomed to American food. Your diet is monotonous to us. You have the same things too often and your meals repeat themselves.

"In China we eat many more 'grasses' or vegetables than you do and we also have a greater variety of meats. We have frequently such things as rabbits, frogs and all the different kinds of sea food which you have here only once in a while.

"Then of course, our method of preparing food is different from yours. Your cooking is much more simple. You cook your food, especially your vegetables, too long, and always in just about the same way.

Getting Used to It.

"When I first came to America I could eat hardly anything. Everything was so unappetizing to me. Now I have grown more used to your food and manner of preparing it and I enjoy eating more, although there are still comparatively few things that I really like. Probably I dislike cheese more than anything else that you have.

"From time to time my family have sent me boxes of dried food and when there were many things at a meal that I could not eat I would cook Chinese dishes for myself in the dormitory kitchenet.'

Refusal Of Disarmament Conference Appeal May Alter U. S. Stand On Cruiser Building

COOLIDGE FIRM AGAINST CRUISERS

Congress Much Divided Over Steps To Be Taken On Naval Program

By WILLIAM S. NEAL
International News Service Staff Correspondent

WASHINGTON, Feb. 24.—With resentment sweeping Congress over refusal of France and Italy to accept President Coolidge's bid to a naval limitation conference, the House today prepared for a showdown upon the proposal to begin construction of three new $16,000,000 cruisers. The Senate already has passed the bill.

"Big navy" advocates, frankly doubtful as to the result, were hopeful that the international situation would turn the tide in their favor.

Coolidge Unyielding

Despite the apparent failure of his conference plan, however, Mr. Coolidge was reported to be unyielding on the cruiser amendment—the only major piece of legislation upon which he has sent written word to Congress since his annual message.

The reopening of the fight found an odd alignment in the House, with party lines knocked awry and the President's titular spokesmen opposing him. Speaker Longworth and Representative Tilson of Connecticut, Republican floor leader, were again ranged on the side of the "big navy" forces. In a previous fight the cruiser proposal was lost in the House upon two votes, 177 to 175 and 183 to 161.

Representative Butler, Republican, of Pennsylvania, chairman of the House Naval Affairs committee, declared that "if the rest of the nations of the world will not disarm, America must build."

"Two of the big nations of the world will not even meet with us for conversation on the subject of limiting smaller ships", he said.

Battle Impends For Shanghai

Most Important Battle In History Of Chinese Republic Looms

SUNKIANG MAY BE BATTLE SCENE

By ALFRED MEYER
International News Service Staff Correspondent

SHANGHAI, Feb. 24.—The most important battle in the history of the Chinese republic seemed impending today as both the Nationalist troops under General Chiang Kai-Shek, from the south, and the Fengtien troops of Marshal Chang Tso-Lin, Manchurian war lord, from the north, speeded up their race for military control of Shanghai, China's chief seaport.

The vanguard of the northern horde today had reached Wusih, 80 miles from Shanghai, while the Nationalist Cantonese occupied Kashing, 60 miles to the southwest.

Sunkiang appeared to be the probable scene of the impending battle, as the converging lines will meet there.

Thirty thousand Fengtien troops already have crossed the Yangtse river in a desperate attempt to stem the Nationalists' northward march.

Generel Sun Chuan-Fang, hitherto defender of Shanghai, who yesterday relinquished control of the city to Chang Tso-Lin, today conferred at Nanking with General Chang Tsung-Chang, son of Marshal Chang Tso-Lin, and other Fengtien generals regarding a campaign for the purpose of reclaiming Chekiang province from the Cantonese for Sun Chuan-Fang and Kiangsu province for Chang Tsung-Chang.

Slugger Appears In Pittsburgh

(International News Service)
PITTSBURGH, Feb. 24.—The "slugger" made his appearance in Pittsburgh today, attacking two women victims.

Mrs. Gertrude Hughes was knocked unconscious in her home by an intruder who fled with $90, she claims. She named Wilson Shanahan of Knoxville, Pa., as her assailant, and police arrested him.

The second victim was Miss Nellie Martin, 22, employed at the Magee hospital. She was attacked on the street by an unidentified assailant. She was treated at the hospital.

College Library About Ready To Be Put In Use

Westminster College's New Library To Be Open In Few Days

REPLACES ONE LOST IN BUILDING FIRE

Aid Has Been Extended From Many Sources In Time Of Need

(Special To The News)
NEW WILMINGTON, Pa., Feb. 24.—Arrangements have been practically completed for the opening of the new library at Westminster College, according to Miss Mildred Allman, librarian. The old science library on the second floor of the Science Hall, has been appropriated for the new books.

Shelf space in the new library is ample but there is little room for reading tables, chairs, etc. For this reason, the museum on the third floor of the building, has been converted into a reading room. This room is very light and airy and is very appropriate for a reading room.

Valuable Gift

Westminster's friends continue to contribute books and money to replace the library destroyed when Old Main was burned, January 24. Among the latest contributors are Judge Thomas P. Trimble of the Orphans Court of Pittsburgh, and wife. They are contributing a copy of the English Oxford Dictionary, the cost of which varies from $280

Auto Collision At Public Square

Two Other Slight Accidents Are Reported To City Police

W. Loren Fowler and G. A. Donaldson, the former operator of a Fowler taxi and the latter of R. D. 3, operating Clyde Hutchinson's car collided yesterday at the intersection of North Jefferson and Washingeon streets with slight damages to each car. Their reports of how the crash occurred, differ, according to police. No one was injured.

Frank Mazzone of Hillsville, reported that his car broke a water fountain at Wabash and Liberty street in attempting to avoid a crash with an auto leaving Wabash avenue.

James W. Kelly reported to police his car had ran into a garage sign at Gardner avenue and Moravia street.

To Urge Signing Of Second Judge Bill By Governor

Delegation Of Lawrence County Men To Make Visit To Fisher

TO SHOW NEED IN THIS COUNTY

Signing Of Bill Would Put Election Of Judge Before Voters In Fall

In an effort to convince Governor John S. Fisher of the vital need for an additional judge in Lawrence county, the bill for which has passed both branches of the General Assembly, a group of business and professional men will leave here Monday night for Harrisburg, where a conference with the governor has been arranged for two o'clock on Tuesday afternoon.

Governor Fisher has not expressed himself as to what action he will take in the matter. It is known that he is opposed to increases in salaries or appointments where they are not necessary, but by the same sign he wants to be fair and just. For this reason if was thought to be a good plan to arrange for a conference and this was done by Senator Weingartner and Representative Bart Richards on Wednesday afternoon.

Fill the Office

If as many go down as are expected to, the crowd will likely fill the governor's office. Arriving at Harrisburg, the group will be met by Senator Weingartner, Representatives Bart Richards and Milton A. Bickett, and Secretary of Agriculture Charles G. Jordan.

At two o'clock the conference will be held and at this conference the need for the additional judge will be presented from all angles. The fact that the bill passed with only one dissenting vote in the two bodies of the General Assembly will

SMALL LAD HIT BY AUTOMOBILE

Runs Into Machine According To Kersey; Able To Leave Hospital

Webster Pitzer, son of Mr. and Mrs. B. W. Pitzer, rear 803 Lathrop street, was struck by an auto operated by Henry Kersey and was able to walk home from the New Castle hospital.

According to Kersey's report to police, his car was operating north on Harrison street when he blew his horn as a warning to the boy, playing in the street.

Kersey claims the lad ran into his car. He took him immediately to the New Castle hospital, where he was discharged after a thorough examination.

Youth Kills Self At Brother's Grave

(International News Service)
GARFIELD, N. J., Feb. 24.—Another youthful suicide was reported to the police here today. Theodore Tatarsh, 19, of Paterson, shot and killed himself at the grave of his brother near here. His body was found by an undertaker who arrived at the cemetery to conduct a funeral.

Steamer Goes Down In Chesapeake Bay

(International News Service)
BALTIMORE, Feb. 24. — The steamer City of Annapolis, a passenger vessel plying between Baltimore and Chesapeake Bay stations, was sunk this morning in a collision with her sister-ship, the City of Richmond, in the bay, off the mouth of the Potomac River, according to wireless messages to the owners here.

No lives were lost, the messages stated, but the passengers and crew of the Annapolis were taken off by the Richmond and the S. S. St. Anthony, which stood by the sinking vessel. The Annapolis stayed afloat until about 4 o'clock.

The Annapolis carried between 50 and 80 passengers, and a crew of 53, according to the owners' here. She has a capacity of 304 berth passengers, but this is the off season in bay business and consequently her passenger list was light.

The Richmond and the St. Anthony are proceeding to Baltimore with the Annapolis' passengers and crew.

The Annapolis was one of the best vessels in bay service. She was 277 feet long and had a 53-foot beam.

The scene of the collision was off Smith's point, and occurred in a heavy fog which blanketed the bay.

Both vessels were owned by the Chesapeake Steamship Company which operates a number of small passenger vessels between Baltimore and points along the Virginia and Maryland shores. The Richmond left West Point last night for her regular run to Baltimore.

Eleven Women And One Lone Man Sit On Case; Return Quick Verdict

For the first time in the history of the Lawrence county court, and probably for the first time in any court in western Pennsylvania, a jury composed of eleven women and one man, was chosen at the court house to try a case Wednesday afternoon.

Prothonotary R. M. Campbell called twenty men and women from which the jury was to be selected. When jurymen are called they take their places in the front row of seats in the court room. A list of the names is then handed to the attorneys, who cross out the names of those not wanted.

It was an unusual co-incidence that there were eleven women among the twenty called. It was also unusual that the attorneys on both sides, should cross out the men. Whether there was any understanding among the attorneys is not known, but neither side scratched out any of the women's names, with the result that when the names of those chosen was read, all of the women and one man, were selected. Had there been twelve women called it is likely that the jury would have been all women.

When the eleven women and one man took their places in the jury box a titter ran through the court room. Thomas E. Weide, a contractor of the Fourth Ward, was the solitary man chosen. The women were—Clara Bratchie, First Ward; Ethel Callahan, Ellwood City; Ida M. Cummings, Hickory Township; Edith Dunkerly, South New Castle Boro; Blodwen Lewis, Second Ward; Edna Lienendorfer, Wayne

Rudner Faces Life In Prison

Jury Brings In Verdict Of Guilty Of Second Degree Murder

BY ROBERT WALLACE
International News Service Staff Correspondent

CANTON, Ohio, Feb. 24.—Ben Rudner, Massillon hardware merchant, today faced the prospect of spending the rest of his life in prison at atonement for the part he played in the assassination of Don Mellett, Canton Daily News publisher, July 16, last.

He was found guilty of second degree murder, by a jury which, after deliberating about seven hours, returned a verdict at 8:20 o'clock last night.

Rudner is the second man convicted of complicity in the Mellett slaying. Pat McDermott, who was charged with having been paid $200 by Rudner to commit the crime was found guilty of first degree murder with recommendation for mercy, December 24. This verdict also carries sentence of life imprisonment but the convicted person is not eligible for parole. Rudner, convicted on the charge of second degree murder, may be pardoned.

MOTOR FEDERATION PROTESTS GAS TAX

New Angle Raised By Tax Distributors May Cause System To Be Revised

By WILLIAM B. BROWN
International News Service Staff Correspondent

HARRISBURG, Pa., Feb. 24. — Speculation about the unknown, the chief sport of every legislative session, turned today to the administration gasoline tax bill and "several other bills" which Governor John S. Fisher said last night he may have introduced next week.

Although there is an undenied demand for election reform measures those who favor them failed to spend money as freely to say "yes," as those who oppose an increase in the present gasoline tax rate did to say "no."

The Governor's announcement that his discovery of gasoline bootlegging was responsible for reconsideration of the gasoline tax measure, halted but failed to abate the steady stream of telegrams and letters of protest.

Situation Complicated

What at first seemed like a simple move to make a permanent gas tax of three cents now is complicated not only by new issues injected into the situation but by the cries of protest as well. Members of both houses know they will receive little open protest if they fall in line with the governor on election reform. But the gasoline tax is another matter and the roll call

Monroe Doctrine Will Prevent Landing Of British Marines

(International News Service)
LONDON, Feb. 24.—Great Britain has decided to send a cruiser to Nicaragua as "a place of refuge" for British subjects, since the government has been informed that the United States can no longer give a guarantee for the safety of British lives.

The foreign office today issued the following statement:

"The British charge at Managua has informed the British government that the United States can no longer give guarantees for the safety of British lives in the event of further street fighting. The British government has decided to send a cruiser to Nicaragua as a place of refuge for British subjects."

Butler Man Is Killed In Crash

Zelienople Doctor May Be Fatally Injured In Collision

(International News Service)
BUTLER, Pa., Feb. 24.—Herbert E. Bish, 37, of Butler, is dead today and Dr. Samuel E. Ralston of Zelienople is probably fatally injured following a collision between the automobile in which they were riding and a southbound B. & O. freight train at Wittmer crossing, near Etna.

The men were returning to Butler from Pittsburgh when they lost their way in a dense fog and drove up the right of way of the railroad, meeting the train head-on.

Bish was instantly killed while Dr. Ralston was removed to a Pittsburgh hospital in a critical condition.

The automobile needs a lot of repairs, the overcoat's frayed and its showing some tears, and the wife needs a carpet to cover the stairs, but why worry? Miss Graham Gets Verdict Against Dr. Carl Ahlquist

Jury Awards $2,985.10 Damages As Result Of Auto Accident On Wilmington Road

In the case of Helen A. Graham against Dr. Carl Ahlquist, which was tried before Judge Parker yesterday the jury brought in a verdict in favor of Miss Graham for $2,985.10. The case was one in which Miss Graham was severely injured, when an automobile in which she was riding with Dr. Ahlquist dashed into a telephone pole on the Wilmington road. Dr. Ahlquist was about to pass another car when his machine left the road and dashed into the pole. It was claimed that the car was being operated at a high rate of speed, and that Miss Graham had cautioned the doctor about driving so fast just previous to the accident.

KLINE LUMBER CO. AWARDED VERDICT

In the case of the C. B. Creight Lumber Company against the J. Henry Kline Lumber Company, the jury returned a verdict in favor of Kline. The case was one in which suit was brought to recover for some doors. Kline contested the claim on the ground that the doors were not the kind of wood ordered.

Names Being Suggested For New Junior High

At the meeting of the board of education held last night, James K. Love, president of the board, drew the attention of the board to the fact that there were numbers of people interested in suggesting names for the new junior high school to be constructed at Euclid avenue.

He said that he was in receipt of a letter from a well known educator and former resident of this city, in which it was suggested that Joseph Baldwin, one of the pioneer educators of Lawrence county, be given some consideration when it came to the naming of the new school.

Joseph Baldwin, as a young man, and while attending college himself, established the first normal school in this section of Pennsylvania, which he conducted during the summer months.

The school was conducted in the old Christian church at what is now known as East New Castle and was then known as Pumpkintown. This was in 1858.

Among his pupils were Martin Gantz and W. N. Aiken, both of whom became prominent educators of this city and whose memory has been honored in the naming of local schools.

After leaving this part of the country he went to Kirksville, Mo., where he established the state normal school at that place and later went to Texas, where he was president of an educational institution for many years.

Boy Injured By Auto Accident Asks For $40,000

Louis Holesko Claims Permanent Injuries When Struck By Joe Moresky

Louis Holesko, aged 14 years, by his father, John Holesko, is plaintiff in a suit against Joseph Moresky and Morris Moresky, merchants, which was taken up for trial before Judge Hildebrand this morning. Damages amounting to $40,000 are claimed as a result of an auto accident in which Louis Holesko was injured.

On November 21, 1923, Louis Holesko, according to the testimony, was standing on the southeast corner of Long avenue and Jefferson street, and started to go across Long avenue to the northwest corner of the two streets. He had reached a point about the center of Long avenue, when he was struck by an automobile driven by Joseph Moresky. He was knocked down and rendered unconscious.

Taken to the hospital he remained unconscious for some time. Physicians found that he had suffered severe injuries about the body and legs. Two operations were necessary on one leg, on account of the development of diseased bone. He is still suffering from his injuries with little or no hope of permanent recovery.

It is claimed at the time of the accident it was dark and that there were no lights on the machine. It is also alleged that it was being driven at a high rate of speed, and that no horn or other warning was sounded. Itemized in the damages is a hospital bill of $462.50 and $225 for medical attention. The father of the boy is also claiming damages for loss of his services until he is 21 years of age. This is all included in the $40,000 asked for.

GREAT BRITAIN WILL TAKE CARE OF HER SUBJECTS

(Continued From Page One)

the 200-odd British subjects in the country.

Any attempt, however, to land British tars on Nicaraguan soil, or to take any punitive action against the Nicaraguans for injuries suffered by British interests, will be met with a most emphatic American protest, under the well understood doctrine of Monroe.

Great Britain fully understands this attitude on the part of the American government and is prepared to respect it, according to information here.

Policy Of Vera Cruz.

The American policy in this respect is the same as that followed at Vera Cruz in 1913, when the warships of half a dozen foreign powers gathered in Mexican waters but permitted the American Marines to do the fighting.

Instead of viewing the presence of the British warship in Nicaraguan waters with alarm, state department officials apparently welcomed it today. It relieves this government of the necessity of providing a "place of refuge" for British subjects, should conditions become serious, and at the same time it strengthens the state department's contention that the Nicaraguan situation is really serious.

The only aspect of the British action which apparently caused any resentment at the state department was that portion of the foreign office statement which said . . ."The United States can no longer give guarantees for the safety of British lives."

Neither the state department nor any of its attaches have ever made such an assertion, it was declared at the department.

Secretary of State Kellogg has had a difficult task in convincing a considerable part of the senate that conditions in Nicaragua have justified the dispatch of nearly 5,000 Marines and Bluejackets to the Central American trouble zone. Consequently, the British action was regarded by state department officials as furnishing additional support for Kellogg's policy.

Not Surprised.

There is reason to believe that the state department was not very much surprised by the British decision. It is, in fact, understood in diplomatic circles that this government had advance knowledge of the British decision and approved it, with the understanding, of course, that there would be no attempt to land forces.

Despite the British action, there was today, however, no apparent diminution of senatorial opposition to the whole Nicaraguan policy of the administration.

Senator Borah, R., of Idaho, chairman of the senate foreign relations committee, was inclined to be ironic.

"Little Nicaragua, with 600,000 people, is already surrounded by an American naval force sufficient to crush it overnight," he said. "Now the British navy moves into action. There are also a few Italians in Nicaragua. I suppose the Italian navy will cease patrolling the Mediterranean now and move to Caribbean waters.

"Meantime, no foreign lives have been lost, nor foreign property destroyed."

Borah quoted a letter he said he has just received from an American business man in Nicaragua saying "No Americans in Nicaragua have any just cause for complaint."

A first hand investigation of Latin-American affairs during the congressional recess by a committee of senators appeared certain today, irrespective of whether the investigation is authorized by the senate.

When the foreign relations committee met today to again consider the Borah resolution, proposing such an investigation, it became known that Secretary Kellogg had registered strong opposition to it. This was enough to stiffen the regular administration senators against it.

Borah and several other members of the committee, however, plan to go "on their own" if the investigation is defeated by a threatened "regular" filibuster against it.

Town Talk

Another juvenile violinist has been added to the list of musicians who play in orchestras in schools and churches throughout the city.

James Davis, son of Mr. and Mrs. Isaac Davis of Harrison street, is only nine years old, yet he is one of the violin players in the Sunday school orchestra in Central Christian church.

James is always very punctual every Sunday morning and rarely misses being in his place when the orchestra convenes.

Miss Alma Locke, teacher in the Highland school, reported to the police Wednesday that while near the Highland United Presbyterian church, that a car bearing Pennsylvania license No. X3-073 passed at a high rate of speed, through a pool of water and splashed slush all over her, damaging her clothing. The police have sent to Harrisburg to determine the ownership of the license.

on any increase proposal is going to reflect the effort to keep an eye on the folks back home as well as on the executive chamber.

The Pennsylvania Motor Federation which was first in the fight against an increase in the gas tax last night sent a letter to the governor continuing its protest. Various methods by which payment of the tax is evaded were called to the governor's attention and the assertion made that an increase would merely give bootleggers an opportunity to continue cut rate prices, minus of course, the tax.

The Federation revises its estimateof the Department of Highways income during the next two years, placing it at $93,000,000, "considerably more money than was spent in the first two years of the Sproul administration."

May Revise System

Another angle of the tax situation now being raised by local distributors may cause a revision of the entire present system of collection. Several distributors in central Pennsylvania intend to bring a test case to determine if the state can compel anyone to work for it without compensation. The present system compels the retailer to collect the tax. The present rate of two cents a gallon is said to be more than his profit and is one of the reasons back of the contemplated protest.

Governor Fisher refused to indicate in any way what further legislation he intends to sponsor. There are the usual number of rumors prevalent about what it will be but the governor himself has not dropped even a hint of what he has in mind.

The proposed compensation revision measures are yet to come but they are not what the governor now has in mind. Inasmuch as he has not discussed the proposed measures in any way it is taken for granted that they will cover some recently arisen situation or one about which the usual number of "conferences" have not been held. On the strength of the latter possibility most speculation centers.

"The United States will have to build, or other nations will have to destroy ships until our standard can be adopted."

Representative French, Republican, of Idaho, chairman of the subcommittee on the naval appropriation bill, called upon the House to stand by the President.

"The real harm in this amendment", he said, "is that it will be an announcement to the world that the President and Congress are not in harmony upon a program for the further limitation of ship-building.

"I believe that when the people of France and Italy consider further the burdens that competitive ship-building would place upon their backs, their governments will reconsider the proposal of President Coolidge and enter into a conference.

"This amendment would be a serious embarrassment to the President, and would be a reversal of our policy in appropriating $75,000 to continue participation in the disarmament conference soon to reconvene in Geneva."

Township; Gertrude Nesbitt, Neshannock Township; Edythe C. Rodgers, Second Ward; Rilla Stoner, Scott Township; Nancy Wheeler, Second Ward, and Isabel Withrow, Third Ward.

The case, which was called before Judge Parker of Venango county, was that of James F. Fee against the estate of the late John V. Travers, the controversy being over a grocery bill. When the case was concluded the jury retired, and in forty minutes returned a verdict in favor of the plaintiff for $94. Judge Parker took occasion to compliment the jury on their ability to agree so quickly, remarking that they could beat the men.

also be brought to the attention of the governor.

The trip is being made, not to promote the chances of any attorney for the new judgeship, but in an effort to convince Governor Fisher that the new judgeship is needed here. Who will be appointed is something for the governor to decide if he signs the bill.

If Governor Fisher signs the bill a new judge will probably be appointed shortly after the signature is attached. The appointee would then take his place on the bench of the Lawrence county courts and would serve until the first Monday in January of 1928.

The election for the new judgeship would be held in September of this year, so that the man appointed will have but a few months to serve before he would have to go before the people as a candidate.

MAKE DIVE THROUGH BLAZING OIL LAYER; SWIM TO SAFETY

(International News Service)

CAMDEN, N. J., Feb. 24.—Menaced by the danger of exploding gasoline, the captain and mate of an oil tanker early today dived through a layer of blazing oil in the Copper river here and swam to shore.

Hot ashes dumped into the river set fire to oil floating on the surface. The flames set the tanker Sacony of the Standard Oil company ablaze.

Christopher Christensen, captain, and Olaf Johnson, mate, aroused by the odor of burning oil, plunged from the deck of the vessel and swam beneath the surface to safety.

The flames were extinguished without serious damage to vessels moored in the river.

rescuers would arrive in time to be of much assistance.

Six men remained on the vessel after the Scandia's life boats were loaded and cleared from the vessel, according to the last radio communication received from the ship.

Radio communication with the vessel ceased at 1:42 and no word has been received from her since.

The vessel ran aground, the radio messages said.

Peaches Browning Back In New York

(International News Service)

NEW YORK, Feb. 24.—Peaches Heenan Browning and her mother came back from Bermuda today, and hurried to the seclusion of their apartment, denying vigorously Peaches' reported infatuation for Donald Brett, Massachusetts golf star.

But Brett is heart-broken, calling Peaches his "inspiration". He was on the ship with her.

Alone, dejected in his stateroom, he said:

"She is everything in the world to me."

Fearing the wrath of his father and mother who were at the North river pier to meet the St. George, which brought Peaches and Brett, he was unable to say farewell to her.

"I suppose I'll never be able to say good-bye to her," he repeated to reporters. Then to one he pleaded:

"Won't you say good-bye to her for me?"

"She's a good girl and an inspiration to me," he added.

ELECTION REFORM BILLS

BILLS introduced into the Pennsylvania State Senate yesterday by Senator George T. Weingartner, of Lawrence county, providing for changes in the election laws, and known as the administration bills, will probably be passed without great opposition.

The measures are designed to eliminate some of the evils that have developed in state elections during recent years, by limiting campaign expenses, eliminating much of the practice of assisting voters to mark their ballots, changing the provisions of the law relating to the dissemination of information, and also changing the law whereby it will not be so difficult to have the ballot boxes opened for examination of the vote cast.

In previous consideration of changes to be asked, the matter of voting machines was included, but it is apparently the idea of the administration not to ask for this step at this time, although Governor John S. Fisher is in favor of the introduction of voting machines.

Citizens of Pennsylvania will favor the changes provided in the election reform bills in the hope that they will provide a basis for elimination of the scandals that have followed some elections in the past, and make their repetition unlikely.

TIME AND CHANCE

THERE is a destiny which shapes our ends and our lives, but what a frail and inconspicuous destiny it is! One little incident may change the whole tenor of a life, has made a success out of a failure, has given fame and even immortality.

Joseph Conrad, greatest writer of sea stories, became a "sea-rover" because his first books as a Polish boy were of the sea and exploration. What might he have been as a man if his library as a boy had been other than it was?

Benjamin Franklin followed vague inclination to ship from Boston to Philadelphia and became Pennsylvania's leading citizen of his time, the spokesman for the American colonies and an immortal figure in American history. What might he have been had he continued in the employ of his brother's print shop?

Who can account for the chance dig of the spade which uncovered the tomb of Tutankhamen, the fortunate discovery of the first oil well at Titusville, Pa., and the gold nugget which precipitated the rush of the forty-niners to California?

Many of us can place our fingers on one happening, perhaps accidental, which was the deciding factor in the determination of our life's work. A chance perusal of the classified advertising page of a newspaper has been this deciding factor for thousands. Such a thing as a news item has been known to serve as the one break in the wall of the rut.

When Elbert Hubbard wrote that "Man should follow the dictates of his passions" he did not mean that he should give full play to his desires, but that the subconscious inclinations of man are sooner to be obeyed than obstacle-finding, inspiration-dampening, deliberation.

LITTLE HOPE OF NAVAL AGREEMENT

ITALY refuses point-blank to enter into any negotiations for naval limitation. She is almost brutally frank about it. She thanks President Coolidge for the invitation and declines it as impractical. Following on the heels of a similar rejection from France, the only hope left for accomplishing anything whatever lies in the possibility that Great Britain and Japan may sit down at a table with the United States and talk things over. But Japan requires delay and at the same time makes it clear that she cannot regard the 5-5-3 battleship agreement as applicable to cruisers and the smaller craft.

The fact is that we have nothing to offer by way of sacrifice. We are far behind in naval construction and the tendency abroad is to construe our attitude as one of desire to avoid expenditure. If the truth were known it would doubtless be found that there is quite general resentment of our leadership in anything. We repudiated the League of Nations and by impossible reservations made our acceptance as a member of the World Court out of the question, says the Philadelphia Inquirer. The undercurrent of foreign opinion seems to be that if we want to go it alone when it comes to a question of co-operation for maintenance of universal peace, we should be left to our own expedients in naval armament matters.

While we have spurned the World Court we, nevertheless, are forced to maintain relations with it. On March 21 its Preliminary Commission for the Disarmament Conference will meet in Geneva. We shall be there in full force with a delegation of experts headed by Hugh S. Gibson, our Minister to Switzerland. That conference associates land and sea forces and contemplates —in theory—proportionate disarmament all around. But it is a vague proposition at best and there is no intelligent belief that it can reach any practical result because of the numerous conflicting interests.

However, these discussions, bringing together, as they do, representatives of the nations, have their uses, since they cannot do harm and do induce more friendly feeling.

According to a university president the younger generation outstrips the older. We don't know about that. We have seen some of the older generation about as naked as the younger.

There is a report that a temple of health is to be erected in Chicago. Judging from the gun play in that wicked city, we would suggest that in order to insure perfect health the builders make it bullet proof.

Medical science condemns pillow fights as bad for the nerves of children. When we run over the list of things thus condemned, we wonder that the older generation ever grew up at all.

If it was the printer's devil who made the type say that an heiress was marrying a "hungry county," when the society editor had written it, "Hungarian count," truth probably prevailed nevertheless.

Parents should always say "Good night" to their children; that is of course, if then can manage to wait up so late.

Funny people. They feel economical when they buy two gallons at a time instead of having the tank filled.

Advices from Washington indicate that the Indian is not of a vanishing race, after all. He is buying automobiles and helping to make the paleface the vanishing race.

A woman who had 280 safety pins in her stomach complained of having a sharp pain. The pins were found by the surgeons, all in a bunch. Maybe this is a case of where there was safety in numbers.

An east side man who was forgetful took a correspondence course in memory training. He still sometimes forgets to pay his grocery bill, but he can always remember to stop for his pay envelope.

The encouraging news is wafted that "Congress won't consider the Lake Erie and Ohio Canal bill at this session. Congress, like Dora, isn't so dumb.

A motor car in the hands of an intoxicated man is a deadly weapon. The drunken man who drives a car is just as dangerous to society as the drunken man who starts out with a gun on a crowded street.

Aimee Semple McPherson now comes to the defense of flaming youth. But why shouldn't she; she is one of them though more flaming than youthful.

Bootleggers, we have heard in drinking circles, are now picking up a few extra pennies by selling their lists of customers to undertakers.

The main objection to war is that it seldom kills off the right people.

A raid of a headquarters of a candidate for Alderman in Chicago revealed a machine gun, a shotgun, some arms and enough ammunition to equip an arsenal. If all this is necessary to make a campaign for alderman the man who runs for Mayor must have the whole army at his back.

Tom Sterrett, sheriff of Erie county, and the responsible person for a column of comment in an Erie paper, said column being the we know for variety, inelegance of only rival of Hints and Dints that expression and bluntness, commenting on a recent visit here, says he found out the meaning of the old phrase: "Carrying Coals to New Castle," on his way down. When he got off the train he says he had in his eyes, his ears, his mouth and his hair all the coal that the engine didn't use. He advises use of the auto on the trip if anyone has to make it.

Recent events has probably proven to Charlie Chaplin the full meaning of that phrase every married man repeats: "With all my worldly goods I thee endow."

Baseball managers are beginning to realize that the difference between holdouts and holdups isn't so great after all.

Some people turn up their sleeves at work; others turn up their noses.

Erie is getting jealous of the English Channel and the Catalina Island channel, so next summer is planning a swim across the lake. If they start on the Pennsylvania side and swim toward Canada there won't be many give up, but they'll swim all the harder as they near the shore.

A man after listening to several sermons on the radio went out and cut his throat. We've never heard of that in connection with people attending church. Perhaps it is just the radio that affects them that way. We've heard some stuff over the radio that made us want to cut the throats of the broadcasters.

Some bank attaches are rather high hat, but others are not too proud to clean out the place.

You can recognize the path to Easy street by the discarded friends along the way.

The forst of March is as eagerly awaited now as groundhog days was a few weeks ago. Whatever the weather may be we know that winter ends and spring begins on March 21. So there.

Lodges and clubs are fine things, but the best thing for a man to join is the family circle.

A little girl was asked to what church her mother belonged. "The Presbyterian," she answered. "And your father?" was the next question. "Oh, he's nothing," answered the tot, "and not much of that."

After wafting 19 years, a woman has brought suit for divorce from the man who deserted her. Nineteen years is a long time to wait —a period that would indicate that her husband is dead. If he isn't, he ought to be.

If the old-time poets were alive today they would have to revise their rhymes. In these days of concrete paving, the hard road is the easy road.

"If a man bequeathed you a thousand dollars," asked a Sunday school teacher, of a boy pupil, "would you pray for him?"

"Not exactly," responded the boy, after brief thought. "I think I'd pray for another like him."

HERE'S A STORY 2300 YEARS OLD

No one knows exactly what is the world's oldest joke. But this is one of the oldest and it is still a favorite. King Archelaus of Macedonia more than 2300 years ago summoned a barber. "How shall I cut your hair, sir?" the barber asked. "In silence," answered the king.

AN OLD FAVORITE

CIRCUMSTANCES ALTER CASES

We haven't any air service in America worthy of the name, says Chairman Madden of the house appropriation committee. Col. Mitchell was court-martialed for saying the same thing.

Heard in a local home:

Husband: "Have you fixed the status of the new neighbors next door?"

Wife: "No, they have no automobile, no radio, no piano—in fact I can't imagine what they have got."

Husband: "Perhaps they have a bank account."

The family skeleton used to be kept in a closet. But in these days of abbreviated female togs you can see it most any day cavorting up and down the streets.

SNOBBISH NEIGHBORS

When we moved into this town, to make a home and settle down.
The people, called it "Autoburg," but I called it "Lonesometown,"
Because you see the neighbors did not know yet
Who we were or whether we belonged to their "set,"
And as we did not dress in the very latest style
They thought that to get acquainted with us was not worth while.
It will certainly seem very strange and also rather funny
How they will like us when they find we have lots of money.

In the charitable old days you could always suppose that the teller of dirty stories was drunk.

We recently asked just what constitutes an ideal wife. To which query we have the following reply:

"An ideal wife is one who will live anywhere with her husband—even within his income."

Perhaps you have noticed that it takes a lover two hours to kiss her good night—and it takes a husband about half a second.

Now that an orator may talk to millions of people over the radio in one evening, it is more than ever important that he has something to say.

The trans-Atlantic train having climbed 6,000 feet Tuesday afternoon and evening now is crossing from Wyoming into Utah, rolling over snow covered hills 7,000 feet high.

This is real American country. Colorado, Montana, Idaho, the Dakotas, Oregon, Washington, Nevada are your neighbors in this part of the world.

It looks what it is—a great and powerful country. Straight walls of stone, capped with pine trees, tower hundreds of feet above you. Telephone and telegraph wires cross in all directions. Good automobile roads run beside the track. Below in the mountain valleys, long strings of cattle in single file move before the wind. Patiently building up beef that will feed the east.

Worthy of the trip is the gigantic engine the most powerful high-sped locomotive in the world, needed to pull this long train of heavy cars up past Sherman, 8,013 feet above the sea.

This engine called "type 7,000" is more than 90 feet long,. It can make 100 miles an hour and weighs 582,000 pounds. Automatic stokers take the place of sweating firemen. Of course an invisible, mysterious electric current, weighing nothing at all will some day do the work of this big locomotive, which will take its place among the curiosities of the past.

Bonfil's Denver Post, covering this part of the country brings pleasing information from Washington. The state department it appears, has told Americans owning oil lands in Mexico not to submit to confiscatory Mexican legislation without further investigation.

Uncle Sam is determined to protect his citizens' legitimate investments in other countries and that news will please Americans. This country owes a firm attitude in the matter to foreign nations as well as to its own citizens. Under the Monroe doctrine we notify Europe to keep her hands off these two American continents. Left to herself Great Britain would promptly send the necessary equipment to protect British rights in Mexico.

If we say that Europe must not maintain her own rights by force in this part of the world the least we can do is to insist upon recognition of such rights.

We can justly say to Europe: "You must not take a foot of American territory. "But we have no right to say "You must allow yourselves to be cheated, or your property honestly acquired, confiscated by retroactive legislation."

The state department will have public support in its demands that property rights of Americans be respected in Mexico as property rights of Mexicans are respected in the United States.

As to the statement that some American concessions have been fraudulently obtained in Mexico, there is nothing improbable about that and such concessions should suffer the fate of any other fraud.

Wall street speculators show no overwhelming confidence in the interstate commerce commission or its judgment on railroad values. On Monday the supreme court said that the interstate commerce commission has power to fix the value of railroads. Thereupon railroad stocks in Wall street reminded you of Sennacherib's army. Lou remember the "might of the Gentile, unsmote by the sword, hath melted like snow in the glance of the lord."

Speculators turned foolish and threw stocks overboard. This isn't a government to know down values and keep poor little railroads from making an honest penny.

The law says that prosperous railroads may earn so much, no more on what they are really worth, the surplus to be "recaptured" by the government and used helping weak railroads that can't make ends meet.

The idea is to do in a way what the big post office does, letting profits of the big cities like New York and Chicago make up loses in little far away postoffices that cannot support themselves.

Since it is admitted that out public men are not competent or honest enough to manage railroads under government ownership the next best plan would be to have all railroads under one management, the people regulating rates fairly, insisting on service everywhere the control ownership using its profits in one place to take care of its losers in another. Economy of concentrated operation alone could stop all losses.

UP STREAM

When Bishop McIntyre stood on the Canadian bank of Niagara Falls he said that everything in the universe seemed to be going down. Yet a closer scrutiny revealed the little steamer "Maid of the Mist" going up.

Pessimists tell us that everything and everybody is going to the dogs.

We have the authority of the realists and the gloomy philosophers that things are getting worse and worse. Yet somehow the world seems struggling upward.

It has made much improvement in the last eighteen hundred years or so and it is liable to make more in the next few years.

The stream of traffic on Broadway is ceaseless, but occasionally a policeman raises his hand and the traffic stops while he leads a little child or an old woman in safety from curb to curb.

The newspapers are filled with accounts of murders and all sorts of crimes until it seems that the country is afflicted with a crime wave, but every once in a while you hear of a kind deed done by somebody who is not at all afflicted with crime motives.

Doubtless there are many kind deeds not recorded all through the world. Many hearts are going up stream.

It is pretty hard on them at times and the struggle is pretty severe, but taking all in all the company of those who are struggling to make the world better is considerable and they have the cosmic laws in their favor.

Whoever does what is right may be peculiar, but he belongs to a long line of beneficient forebears. He may know that his labor is not wasted.

For there are always a number of people who are going up stream just as there are many people who are laying down their oars and going with the stream toward the deadly water falls of disaster.

There is something in the human breast that inclines men to struggle, to push onward and upward, notwithstanding that the stream of things seems to bear them down.

The World AND THE Mud Puddles

FIGURES OF GOSSIP.

Millionaire talk nowadays is very common. If newspaper stories are to be credited, millionaires are as common as bootleggers. In the old days the gossiping citizen would with baited breath, and much pride, point out to a stranger some citizen whom he designated as being "worth a million". When the reputed millionaire died, his estate was often found to be bankrupt. It is just as true today that when many reputed millionaires die, their wealth shrinks to almost negligible figures, and very often what there is left of the rich man's estate is sacrificed to pay the inheritance taxes, for the rich man either scorns life insurance, was too old to obtain it when he began to amass his wealth, or was too cocksure that he did not need it.

The estate of the late Daniel G. Reid of New York is no exception to this rule. When he died in January of 1925, the wiseacres estimated him to be worth forty million dollars. The gross appraisement, however, of his estate totalled only five million. To be sure five million is quite a sum, but it is a long cry from forty million. Mr. Reid's stock holdings include one share of U. S. Steel Common valued at $125.00, and fifty shares of preferred valued at $6,187,000. Largest holding was 21,000 shares National Biscuit common, appraised at $1,498,875. Other securities included 425 shares First National Bank, $977,500.00. 5,000 shares New York Central, $610,625; 3,000 American Surety, $357,000; 426 Bankers Trust; 500 shares Chase National, $213,250; 3,100 Lehigh Valley, $242,962, and $130,000 in Liberty bonds. Fund of $745,461 set aside for Mrs. Reid pays her $30,000 annually until her death, when property reverts to estate. This includes 2,975 New York Central $363,321; 2,000 Lehigh Valley, $156,750; 1,000 American Surety $119,000; 450 U. S. Steel preferred $35,687, and $47,000 in New York City corporate stock. Classed as worthless securities were sundry lots of Indianapolis Fire Insurance Company, Old Meadow Rolling Mill Company, bonds of Wall Street Daily News La Australia Mining Co., Cement Appliance Co., International Electric Protection Co., and Willys Corp., second preferred stock.

The things which Mr. Reid amassed, which pleased him probably in his lifetime more than the gathering together of mere dollars were the paintings of Raeburn and Gainsborough, which adorned his private gallery. Time has not subtracted from the value of these objects. They are more valuable today even than they were when included in his visible wealth.

Just Folks

By EDGAR A. GUEST

AT THE LECTURE

"And where's your husband?"
Open-eyed
And smilingly the lady lied.
I know she did, when she replied:
"My dear, he's busy.
To hear this lecture he had planned
An urgent matter came to hand.
These things, of course, you understand!
And yours? Where is he?"

"Poor man", she said, "how troublesome
These business friends at times become.
He's sick at heart and, oh, so glum,
He cannot be here.
A most important matter rose,
A deal I think he wants to close.
Most men are busy I suppose,
So few I see here."

They lied. And 'tis an ancient game!
Women world over are the same.
Each will defend her husband's fame.
And I conjecture
She'd rather lie and pay for it
Perhaps in Satan's deepest pit,
Than ever publicly admit
He hates a lecture.

POEMS I LOVE

BY CHARLES HANSON TOWNE

"The House of a Hundred Lights," by Ridgely Torrence.

Mr. Torrence, in his long poem of this title, from which I have chosen only a few fragments to reveal its high quality, has, I think, produced a work of art. But his recognition has been slow. He has written much delicate poetry, he has been a consistent interpreter of beauty, and yet there are not many people, I imagine, who are acquainted with his name. He has remained faithful to his highest ideals, has utterly refused to make himself "magazineable" and sensational. There is something of the quality and philosophy of the Rubaiyat in these couplets—and something of the dangerous beauty of the Persian poet, Hafiz—who, by the way, has been gorgeously translated by Le Gallienne.

I saw them kissing in the shade and
knew the sum of all my lore:
God gave them youth, God gave
them love, and even God can
give no more.

A nightingale once lost his voice
from too much love, and he
who flees
From Thirty to Wine-of-his-Desire
must not forget the last—the
lees.

I know a Thief who longs to steal
from the moon's granary on
high,
Or snatch the bunch of Pleiades
from out the cornfield of the
sky.

Tell Youth to play with wine and
love and never bear away the
scars!
I may as well tilt up the sky and
yet try not to spill the stars.

Yet even for Youth's fevered blood
there is a certain balm herein
This maiden's mouth: O sweet disease! and happy, happy medicine!

One says,—"Truth's false and false
is true." Well, since I've seen
this maiden's eyes,
I'll be so false as to be true, and
such a fool as to be wise.

I this rough field of earthly life I
have reaped cause for tears
enough,
Yet, after all, I think I've gleaned
my modicum of Laughing-Stuff.

Junior High Plans Given Approval

School Board Looks Over Preliminary Plans For New Junior High

TELL ARCHITECT TO MAKE SPECIFICATIONS

The greater part of the session of the board of education held last night was spent in going over the preliminary plans of the Euclid avenue junior high school with A. L. Thayer, architect of the building.

The plans were gone over carefully and in detail, with Architect Thayer making the explanations of the various details and such changes as had been made to comply with the state requirements or with suggestions made by the board.

Mr. Thayer announced that the plans were presented sooner than expected and in a more incomplete shape than intended by reason of the fact that Dr. C. C. Green, the superintendent, was going away for a short time and that in order to speed up things it was thought better to present them at this meeting than delay the matter another month.

When Mr. Thayer asked for the approval of the board of the plans as presented, James K. Love, president of the board, raised the question of whether or not the plans as shown were not such as would indicate that the building would cost over $500,000. He said that he had taken the position that he would not favor the expenditure of more than that amount for the new building and expected to continue in that attitude. During the discussion it developed that it could be cut down in size to come within the expenditure he mentioned.

In conclusion, Mr. Love stated he would continue to vote against any expenditure in excess of $500,000. C. H. Young of the board made a motion that the architect be directed to proceed with the completion of the plans as shown and also prepare specifications. This was approved by the board, in spite of the objections voiced by Mr. Love.

The architect then went into the discussion of whether stoker or hand fired boilers should be used. The board seemed to favor the stoker type, which although more expensive to install, cost less to operate, it was stated.

The architect also brought up the matter of whether or not an excavation of three or four feet in depth should not be made in the front part of the structure, in order that the pipes, etc., might be more accessible. It has not been planned to have a basement in the front part of the structure. He said that this might cost a little more but would be a benefit. If this is not done, he suggested a trench be constructed five or more feet in depth in which the pipes of the building be located.

Then there was a discussion on the matter of whether concrete construction be used in the matter of building supports or the lighter steel construction, the latter being less expensive. Apparently, the board thought the concrete construction was the most lasting.

Mr. Thayer stated that he would bring the plans before the board again before the tracings were made in ink, so that minor changes desired might be made without much trouble.

He also stated that he hoped to have the plans in shape in a few weeks so that they could be taken to Harrisburg for the approval of the state department of education, after which it would be possible to get things in shape to ask for bids in time to get the work under way in the near future.

West Virginia University Head Active In Probe

President Of West Virginia University To Conduct Rigid "Scandal" Probe

(International News Service)

MORGANTOWN, W. Va., Feb. 24.—The hydra-headed spectre of scandal reared itself on the campus of West Virginia university here today with reports that President Frank B. Trotter is making an investigation into conditions which are reported to have resulted in the failure of three members of the senior class to return to school for the second semester, and put three others under suspension on charges of purchasing examination questions.

Reports on the campus were that one of the men who failed to reenroll the second semester is a member of the football squad, whose loss will be keenly felt by the Mountaineers next year. President Trotter announced that if his investigation revealed definitely that the students had purchased the questions before an examination from a graduating student, the names of the guilty persons would be given to all newspapers "in order that this case may be an example to all others contemplating unfair methods in taking examinations."

Rose Marie Will Have Large Cast

Beulah Berson And Paul J. Gregory In Leading Singing Roles

"Rose Marie" Melodramatic-comedy operetta, which will be presented in the Scottish Rite Cathedral, Tuesday night, March 8, 1927, will have Beulah Berson and Paul J. Gregory in the leading singing roles.

The book and lyrics of this wonderful musical success are by Otto Harbach and Oscar Hammerstein, 2nd; the music by Rudolf Frimi and Herbert Stothart.

It is the dances, in which fifty pretty chorus girls take part, that stand out as one of the striking features of the performance. No dance is more fantastic, more absolutely novel, than the one that accompanies the "Totem Tom Tom" song.

"Rose Marie" has all the essential factors of a great production. It has a strong story with melodramatic complications and comedy situations; surpassingly beautiful music and costumes and scenery that charm the eye.

In addition here, the play will have the setting of the gorgeous Scottish Rite Cathedral and probably the largest gathering of people that ever witnessed any single performance of the play.

Included in the play are Hazel Gaudreau, Len Mence, Harry Koler, Marie Eline, Romona Kogan, Paul E. Porter, Thomas Chadwick and William Gaston.

In the advertisement today the sale of general admission tickets for the second balcony is announced.

Sheakleyville Part Of Perry Highway Finished In Spring

MERCER, Pa., Feb. 24.—When work starts in the Spring on the completion of the 3 miles plus road from Clarks Mills to Sheakleyville the contractor, Robert Jamison, of Fredonia, will have to regrade the famed soap stone hill which is a part of the route.

But one-half mile of the road was concreted when winter arrived stopping the work. All of the grading had been completed. The winter freeze and thaws have played havoc with the road it is reported.

Work will start on its completion just as early in the Spring as it is possible. It is stated today at the county commissioners office that all possible speed will be made in the necessary re-grading and starting to pour concrete. The road when finished will make a through route from Greenville to Sheakleyville opening up to travel a part of the county that has been isolated in previous road construction.

Making Plans Here For Coming Visit Of 1000 Druggists

Plans for entertaining 1,000 druggists at a banquet to be held in the Scottish Rite cathedral about May 18 were started last evening at a meeting of the Lawrence County Retail Druggists' Association held in the Elks club.

Committees were appointed and plans initiated for entertaining the quarterly conference of the Northwestern Pennsylvania Retail Druggists which will be held in New Castle about May 18. The exact date has not yet been set as it will depend on when the chief speaker, Sir W. Glynn Jones, can be secured.

The executive meeting of the Northwestern Druggists' Association will be held in the afternoon and the banquet in the evening. It is likely that after the banquet the meeting will be held in the auditorium in order to accommodate the crowd that will wish to hear the speakers.

Representative druggists from all the counties of western Pennsylvania will be present. This meeting is the outcome of the meeting held in Pittsburgh the first of the month at which Sir Jones, who was expected to speak, could not be present so it is hoped that nothing will prevent this noted speaker from attending the conference at New Castle in May.

Since the completion of the cathedral has made possible means of entertaining large conventions which cannot be surpassed anywhere in the country, New Castle may expect many such convocations to be attracted here.

The committees as appointed for the convention and banquet are as follows:

General chairman—Scott Paisley.

Executive committee—John Haley, Fred Hyde, Reed Megown, William Frantz, Harry Lusk and Frank Wilson (Ellwood).

Banquet and prize committee—P. L. Kerr, Maurice Schoenberger, Trevor Hogue (New Wilmington), George Smith, Burt Sullivan and William Frantz.

Hotel committee—Fred Hyde, C. G. Snyder and Harry Wickoff (Ellwood).

Advertising committee — Carl Paisley, M. Schoenberger, Earl Douglass and Reed Carpenter (Ellwood).

Golf committee—J. Myron Rice, William Frantz and Reed Megown.

Reception committee—Reed Megown, Davis (Ellwood), J. C. Wallace, W. H. Stirling (Ellwood), Rufus McKinley, John Haley, Johnson (Ellwood), Moore, Cloyd Cypher, Fred Hyde, D. M. McDonald (Wampum) and Bert L. Lusk.

Entertainment committee—Geo. Smith, Harry Eiselen (Ellwood), J. Myron Rice and Earl Douglass.

Ticket committee—Earl Douglass, R. E. Martland (Bessemer), Paul E. Shaffer, John Wajert and M. Schoenberger.

Capture Man Near Window

Prisoner Puts Up Battle But Is Subdued And Carted To Jail

DETAIN ANOTHER WHO IS RELEASED LATER

Owtswky Balestard, accused of attempting to reach a window of a residence at 1001 Moravia street last night, was captured by Policemen Lockhart, Steiner and James and when he resisted the police he was handled without "kid gloves" and bundled into jail.

The "flying squadron" sped to the Moravia street residence when headquarters was advised that an intoxicated man was attempting to reach a window of the home.

Balestard put up a fight but as a result of Police Chief Dysart's order to adopt stern measures with any person suspected of "peeping" or annoying women, the police carried out orders.

After Balestard had sobered up in jail and officials were convinced he was not the marauder he was allowed his liberty on a forfeit of $25.

Yesterday afternoon a young man was detained for questioning and today Chief Dysart stated that the young man had been released after having been photographed.

Dysart stated today that no reports of "peeping" or attacks, excepting the Moravia street incident, were received last night but the order to detain suspicious characters is in force.

PRESENT TERM REDUCING CLASS WELL UNDER WAY

Fifty-Six And One-Fourth Pounds Lost In One Week At Y. W. C. A.

The spring semester of the present term reducing classes of the Y. W. C. A., is coming along splendidly. Don't you, who are overweight wish you had joined. Don't you wish you had lost your share of that 56¼ pounds lost in one week? Yes, that was the total loss for only one week. Just think of it. But listen readers, weight is not the only thing we lose in these classes. We lose stiffness, false appetites, indigestion and we gain pliancy, normal appetites and prospects of a longer life.

Watch the News around April 1, for the big decrease made in weight and size at the middle of this semester when measurements and weights are again taken.

HOUSEHOLD HINTS

BY MRS. MARY MORTON

MENU HINT

Nuts furnish food value at cost and help solve the "what to eat" problem of the housewife whose family has "gone vegetarian". Browned peanut hash and almond steaks may prove favorites at your table for the main dish, while tomato toast makes a good luncheon or supper dish.

Browned Peanut Hash or Almond Steaks
Riced Potatoes
Lettuce with Thousand Island Dressing
Lemon Pie
Coffee or Substitute

Browned Peanut Hash—Run a heaped cup of shelled roasted peanuts through a food chopper and cut fine one cup each of boiled potatoes and bread crumbs. Add a scant cup of milk to the mixture, half a sliced onion, salt and pepper to taste and fry in a tablespoon of melted fat slowly until well browned.

Almond Steaks—To make the almond steak, blend two cups of bread crumbs, two cups of ground almonds, one cup of milk, two eggs and salt and pepper to taste. Mold into a long loaf, cut in slices, flour, fry in hot fat and garnish with parsley.

On Tomato Toast—There are many savory ways of combining vegetables and nuts. One good tomato dish is made by blending one cup of chicken fricassee, one tablespoon of flour and two cups of tomatoes and simmer half an hour. Strain off the liquid and set aside to cool. When ready to serve reheat and add half a cup of English walnuts coarsely chopped, a little salt and pepper, a teaspoon of butter and one well beaten egg. Simmer for about a minute and pour over five pieces of buttered toast and serve at once.

SUGGESTIONS

Soup Hint

Soup has less tendency to curdle if the vegetable puree is poured into the white sauce, instead of the white sauce into the vegetables.

Canned Goods

Canned fruit and vegetables have their very important place in the family food budget. Following are a few "don'ts" in connection with buying and serving canned goods:

Don't store canned goods in a damp place—the cans may rust.

Boulder Dam Bill Is Facing Big Obstacles

Senators To Resume Battle Today Against The Measure

By WILLIAM K. HUTCHINSON
International News Service Staff Correspondent

WASHINGTON, Feb. 24—Perched atop a legislative jam and opposed in the senate by one of the best organized filibusters on record, the Boulder dam bill faced almost insurmountable obstacles to enactment today with the adjournment of congress but eight days away.

The senators from Arizona, Utah and Colorado, who fought the bill for five days and who drove their filibuster successfully through a torturous 30-hour, all-night session from Tuesday morning until Wednesday evening, were prepared to resume the battle today. Administration leaders, meanwhile, talked of throwing their support to some other bill, fearful that the Boulder dam filibuster might destroy all other legislation now pending.

Sponsors of the Johnson-Swing bill, which would build a dam in the Colorado river to control floods, irrigate arid lands and supply cheap electric power, declared they would "go down to defeat, rather than surrender." Their only chance for success lay in the hope that a vote might be forced this afternoon—an apparently futile hope. The bill held brighter prospects of enactment in the house, under a special rule, but even then its foes could defeat it in the senate next week.

Among the symbols of good luck is a wife with the determination to get ahead.

The easier it is to get a divorce, the harder it is to patch up a connubial row.

School Board Solicitor Makes Decision On Offer

At the last regular meeting of the board of education the Union Trust company advised that body that it desired to make a change in the present method employed in guaranteeing school funds deposited with it, namely that in place of the surety bond now required that it proposed placing government or other valuable securities in escrow at the Federal Reserve bank or some Pittsburgh bank.

The matter was referred to the board solicitor, Attorney William J. Moffatt for an opinion. At the meeting of the board held last night he gave the opinion that such a move was not in keeping with section 509 of the Pennsylvania school code.

In view of the opinion handed down the board last night passed a resolution, declining to accept the proposition. The resolution included the provision that "since there appeared to be some misunderstanding in the matter that the said bank should make its proposition clearer and present for the consideration of the board a form of the bond secured by government and other securities which it proposed giving. It was stated that the bank intended to give a bond of its own secured by securities of an approved type and not merely place securities in escrow as a protection for the school funds.

College Town Hotel To Open

(Special To The News)

NEW WILMINGTON, Pa., Feb. 24. — Announcement that the Neshannock Hotel is to again be opened for business in the near future, has been received with favor by people of this community and by Westminster College students. H. C. Hayes, an experienced hotel man from Somerset, Pa., has taken over the hotel and will conduct the business in the most up-to-date fashion.

PIONEERS

A Sunday school teacher asked a small girl the other day why Ananias was so severely punished. The little one thought a minute, then answered, "Please, teacher, they weren't so used to lying in those days."

Special Services Being Conducted In College Town

(Special To The News)

NEW WILMINGTON, Pa., Feb. 24.—Westminster College students and faculty, and many townspeople, are at present heartily enjoying special evangelistic services being conducted in the United Presbyterian church by Dr. William L. Tucker, pastor of the First United Presbyterian church of Jersey City, N. J.

It is the custom in United Presbyterian colleges to hold such services each year during the week of February 21-27. Dr. Tucker inaugurated the services Monday evening. He speaks at the chapel services each morning at 11 and in the evenings at 7.

This year's speaker is of a most interesting personality. He is a graduate of Randolph-Macon College in Virginia and of Princeton Seminary. He has traveled widely since his college days, having been to the Orient and having spent two and one-half years in Russia.

He came to Westminster on the invitation of the college evangelistic committee of the Board of Home Missions of the United Presbyterian church. He speaks on the various phases of the subject: The Personality of Christ."

Urge New Highway Upon Governor

Delegation Visits Fisher In Behalf Of Ben Franklin Highway

(International News Service)

HARRISBURG, Pa., Feb. 24.—State and national officers of the Benjamin Franklin Highway Association, accompanied by a large delegation of people from western Pennsylvania counties called upon Governor John S. Fisher Wednesday to urge the building of a section of road between Indiana and Ebensburg.

The route runs from San Francisco to Atlantic City. Entering Pennsylvania from Youngstown, O., it goes eastward via New Castle to Kittanning. From that point to Ebensburg by way of Indiana the road is not improved. The governor was asked to lend his aid in having contracts let for that section. From Indiana the route uses the William Penn highway.

Pennsylvanians in the delegation included Representative Elder Peelor, state president, Indiana; William Wettling, secretary, Indiana; J. D. Hartman, state vice president, Hollidaysburg; Charles E. Meals, state treasurer, Kittanning; Edward Bennett, D. W. Simpson and H. E. Raymond, Indiana; George Griffith, Ebensburg; Senator H. I. Painter and Representative Charles Armstrong and Harry Mines, Armstrong county.

Suggest Plans For New Fire Station

Sketches of the proposed fire station submitted to city council by architects J. A. Altschuler, J. W. Earl and J. W. Miller call for a building two stories high.

The building is to be erected in South Jefferson street this summer to house Central department, to be removed from its present quarters in East street.

Earl's sketch calls for equipment, chief's office, reception room, work shop, alarm booths, hose tower and lavatories to be placed on the bottom floor. The sketch shows the second floor to be taken up by dormitories, lockers, a billiard and card room, lavatories, kitchen and storage room.

The sketch of J. A. Altschuler shows a cellar for storage, laundry, drying room, boilers and coal and the main floor for trucks, chief's car, office, toilet and hose tower. A feature of his plan is that room on the second floor for possible jail purposes is shown. The space can be used for other purposes. Beds are located in two dormitories. This sketch also shows room for bath purposes, clothes presses and linen closets.

J. W. Miller's sketch provides room for three trucks, front office, telephone booths, work shop, toilets, hose tower, chief's bedroom and car and on the second floor, a recreation room, dormitories, laundry and lavatories.

WESTMINSTER WOMEN'S CLUB TO AID FUND

Under the auspices of the Westminster Women's club a concert will be given in the English room of the Ft. Pitt hotel, Pittsburgh on Tuesday evening March 8 at 8 o'clock.

Some of the artists who will take part in the concert include Miss Jessie Mockel, dean of the Conservatory of Music at Westminster college; Miss Mabel King, soprano of quartet in Christ Methodist church, Pittsburgh, who has just returned from a year's study in Germany; Miss Elberta Kagy, violinist at Westminster college; Mrs. Martha Vincent Gerber and Mr. and Mrs. Frederick C. Newman. Aickets can be secured at the hotel on the night of the concert.

Army-Navy Air Men To Receive Flying Crosses

(International News Service)

WASHINGTON, Feb. 24. — Military and naval heroes of the air, who have not otherwise been honored by the government, will soon come into their own as the result of the promulgation by President Coolidge of regulations covering the awarding of the Distinguished Flying Cross.

The War and Navy Departments are expected to appoint boards at an early date to examine into the records of their airmen who may be eligible to receive the new decoration. This was the procedure followed when the Distinguished service Medal and the Silver Star citation were created in 1918. The regulations require that all acts of heroism or other distinction which took place prior to the enactment of the Distinguished Flying Cross law must be passed upon before July 2, 1928.

Those to whom the cross may be awarded include all members of the Army, Navy, Marine Corps, National Guard, Organized Reserves, Officers' Reserve Corps, Enlisted Reserve Corps, Naval Reserves and Marine Corps Reserves. They must, however, distinguish themselves "while participating in an aerial flight as part of the duties incident to such membership." Members of the Coast Guard and of the military, naval or air forces of any foreign government are also eligible if they distinguish themselves "while serving with the military or naval forces of the United States and while participating in an aerial fight." No civilians are eligible.

Pretzel Sales Show Increase

(International News Service)

ST. LOUIS, Feb. 24—The pretzel, divorced from its lawful glass of beer, has flourished and even has grown in popularity.

Thus speaks C. F. Betz, known as the "Pretzel King of America" who says that business in a pretzel way has increased 500 per cent in the past three years. Instead of the saloon the home now buys the salted pretzel which once made thirsty the throats of all who placed a foot on the brass rail.

The explanation might be—home brew. Officially however there is none. Betz can only quote from figures and at his factory now he is manufacturing 7,370,000 pretzels weekly which is five times the amount when Volstead was only an ordinary citizen of Minnesota and beer and pretzel were synonymous terms.

Collegians Top Overland Quintet In Fast Battle

Grove City Team Noses Out City League Leaders 15-13; Girls Win

The Grove City Collegians, composed for the greater part of former Grove City college grid stars, defeated the Rick-Overland boys by a score of 15 to 13 in a fast benefit game staged on the Y. M. C. A. court on Wednesday night. The Overland girls defeated the Lisbon, O., maidens 15 to 11 in the preliminary game.

The Collegians outsmarted the Overlands at all turns and with their experience and weight had little trouble in snatching the victory. "Dick" Sweet, former Grove City college star center, played an important part in the victory of the Collegians.

The wrestling bouts ended in a draw. The two bouts brought together Carl Sweet and Berns in the 118-pound class and Louis Pearl and M. George in the 135-pound class.

A large crowd attended the bargain bill at the Y. M. C. A. and a fine sum was realized for the wrestling team.

Railroad Men To Have Big Ball

Plans Are Maturing For The Event To Be Held At Scottish Rite Cathedral

Annual reception and dance to be held Friday, April 22, in the Scottish Rite Cathedral, under the joint auspices of Tin City Division No. 565 Brotherhood of Locomotive Engineers and Division No. 326, Order of Railway Conductors, will be one of the outstanding social events of the season and of special importance in railroad circles.

It is to be carried out on an elaborate style and it is expected the representatives of the grand lodges of both organizations, also general chairmen and other prominent workers in the organizations, will be in attendance at the event.

J. H. McIlvenny is general chairman of the affair, while A. C. Root is secretary-treasurer.

To Those Who Suffer Stomach Distress, Gas and Indigestion

McKee's Kut Rate Store, New Castle Drug Co., Eckerd's of New Castle, Inc., Makes This Offer

Money Back If One Bottle Of Dare's Mentha Pepsin Doesn't Do You More Good Than Anything You Ever Used

The way has been found to combine Pepsin with other corrective stomach agents so that it will do the most good in the shortest possible time.

Why bother with slow actors, since one tablespoonful of this splendid and pleasant liquid remedy usually causes gas, bloating, heaviness, heartburn or that upset condition of the stomach, when due to excesses or faulty elimination to speedily vanish.

And why should any man or woman suffer another hour with indigestion or annoying stomach misery from such causes when the remedy that acts almost instantly can be easily procured?

But there is more to say about this remarkable remedy—something that will interest thousands of despondent people.

Dare's Mentha Pepsin not only quickly relieves stomach distress of this sort but is compounded to conquer stubborn indigestion or dyspepsia and put an end to dizziness, nervousness, headache, sleeplessness and despondency, when these distressing troubles are caused by stomach disturbance of the kind mentioned.

Dare's Mentha Pepsin is pleasant to take, has a delightful refreshing taste and after it has helped to put your stomach in a clean and healthy condition, just notice how much better you look and feel, for besides correcting stomach disorders caused by excesses or faulty elimination this supremely good remedy that McKee's Kut Rate Store, New Castle Drug Co., Eckerd's of New Castle, Inc. and druggists everywhere guarantee is a fine upbuilding elixir that causes you to work with vim, eat with relish and sleep soundly.

Have Institute In Chewton Church

Excellent Program Is Presented At Teacher's Institute Sessions

Teachers institute which was held Tuesday evening, February 22, in the Christian church, at Chewton was one of the best of the year both in the way it was conducted and the attendance, says John C. Syling, superintendent of the Lawrence County schools.

The feature of the institute was the demonstration classes conducted in certain departments in which it was shown what the children could do.

A demonstration in reading was given by 14 pupils of the first grade under the direction of their teacher, Miss Bertha Glenn. Mr. Syling said it was wonderful how well these little tots could read.

Miss Helen Lyddell conducted a demonstration of rote singing with pupils of grades 4 and 5. She took an entirely new song and sang it through herself and then had the pupils sing a line at a time and then sing the whole song. Mr. Syling says that although the song chosen was so difficult that you could not possibly see how the children could do it, yet they did, and in a most commendable manner.

Miss Florence Kennedy gave an instructive talk on English and Miss Beulah Palmer presented the subject of spelling. Addresses were given by the principal of Chewton schools, Walter G. Lyddell, county superintendent of schools, John C. Syling and two of the board of directors, William McMillan and Terry Davidson.

Music was furnished by Miss Helen Lyddell who played a violin solo and two girls of the seventh grade sang several solos.

Asks Public To Forget That She Was Mrs. Valentino

(International News Service)

NEW YORK, Feb. 24.—"I want the public to forget that I was ever Mrs. Rudolph Valentino," says Natcha Rambova. "But privately that is another matter, for he is still with me talking from the other world."

The former wife of the late screen star, who is now starring in a mystery play, explained that she was "tired of being called Mrs. Valentino because people seem to think that I am attempting to capitalize Mr. Valentino's popularity."

STOP BAD BREATH

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

Olive Tablets bring no griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after 20 years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take nightly for a week and note the effect. 15c, 30c, 60c. All Druggists.

The Super-Six Principle freed to the Limit—

and Beauty to Match Its Matchless Performance

The body styles created for the New Hudson Super-Six have shared equally with its brilliant new performance in its enormously successful reception everywhere shown. At the New York Show and all subsequent Automobile Shows the Hudson-Essex exhibit has outdrawn any other by two and three to one. It is the high point of the year in interest, discussion and sales activity.

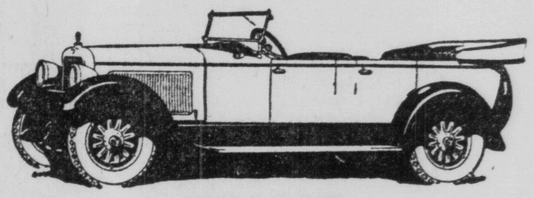

The new Hudson bodies are of such variety and beauty as will satisfy all demands for luxury and exclusiveness as well as comfort and price advantage.

The Super-Six principle, now freed to the limit, delivers its power with the smooth flow of an electric motor. Throughout, the car is engineered to make full use of its stream of energy. And so the Super-Six gets under way faster and with a total absence of the violent lunge usual to high-powered cars.

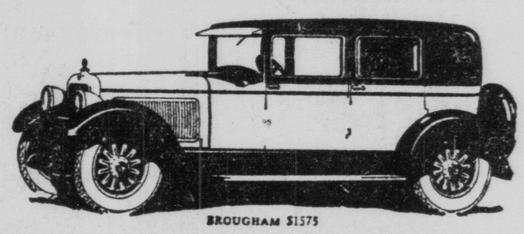

It glides into motion from a standing start. Even at high speeds you always have untapped reserves of power for quick acceleration. Four-wheel brakes just as softly and effectively check your speeds.

In motor and chassis, both new, the Hudson Super-Six reaches new heights of speed, safety, comfort and performance.

In the Essex Super-Six—sharing all these advantages in comfort, safety, quality, and surpassing motor efficiency—there are five new bodies—entirely new in appearance, beauty, smart upholstery and appointment.

Continue Cases Against Eagles

Preliminary Hearings On Charges Of Violating Liquor Laws Started

(International News Service)

PITTSBURGH, Feb. 24.—Preliminary hearings on charges of violating the liquor laws, filed against thirty aeries of the Fraternal Order of Eagles in western Pennsylvania, today stood continued until Monday before U. S. Commissioner Roger Knox, after the cases of the Canonsburg, New Kensington, Braddock, Connellsville and McKeesport aeries were considered and indefinitely continued.

A total of 246 officers and employes of the lodges are listed in the complaints, which are being prosecuted by Zeno Fritz, youthful assistant U. S. district attorney. Commissioner Knox went through the first list of cases in rush order, announcing that he plans to review testimony taken in each case before making decisions.

Edward G. Coll, attorney for the lodge, bitterly arraigned prohibition officers who carried on the blanket raids during the Christmas holiday season, upon the basis of which the cases are being heard.

As each case was continued in court, Commissioner Knox accepted renewal of $1,000 bond for each defendant.

WOMAN ARRESTED ON LIQUOR CHARGE

Pauline Othaviski of No. 5 West Sharp street, was arrested yesterday by Constables Edwards, Mescal, Ellison and Armstrong, when on visiting her place they found a gallon container full of liquor, also a smaller container with liquor in. She was taken to the county jail with her two children, to await a hearing on a charge of violating the Snyder Act, made before Alderman William E. Marshall.

Entrance Exams For High Schools

Notices Being Sent To Rural Schools By County Superintendent

High school entrance examinations will be held in the rural schools of Lawrence county on Saturday, May 7, acording to John C. Syling, county superintendent of schools.

Notices are being sent out today to the directors to appoint their committee of teachers in each township to conduct the examinations. The examinations will be held in each township at some place appointed by the examining committee.

The high school etnrance examinations this year will consist of standard classification tests to tell in what grade the children really belong as well as a short examination on the different subjects taught in the grades. These classification tests are the best of their kind and one can tell by the way they ane answered just about what grade the pupil belongs in.

On account of this new departure in the examinations it will be necessary for the teachers who are on the examining committee to have special instruction, so it is planned to have the different committees meet with the county superintendent a week or so before the examinations so they may receive definite instructions.

Many Applications For Teaching Jobs

More than 100 applications have been received already for the rural schools of Lawrence County although it is still six months until the opening of the next year of school, says John C. Syling, Superintendent of the Lawrence County schools, and yet there are not more than 30 or 40 vacancies as far as can be seen this early in the year.

There seems to be a superabundance of teachers in this part of the country as Dr. Green, superintendent of the New Castle schools reports that there are about 10 applicants for every vacancy in the city schools.

CONSTIPATION RELIEVED in 3 Minutes Without Medicine

"Time It Yourself"

YOU may be a slave to physics, pills, salts, calomel, or other laxative drugs. Perhaps only a painful enema gives you relief.

You may feel stuffed-up and heavy with waste matter; loaded with gas and feel all bloated up.

Your head may throb, you may feel sick to your stomach, be all fagged out, and despair of ever getting relief.

Yet 3 minutes after the use of this simple discovery called P & S Evacuant for the Bowels, the poison wastes are out of your system without pain, without griping, without taking a drop of medicine, without muss or fuss, without the injury to your system that physics do.

There never was such a true relief for constipation as P & S. Thousands upon thousands who suffered from constipation, bad breath, headaches, poor complexion, poor appetite and sleep are turning to P & S with miraculous success. Doctors, nurses and hospitals use it and give glowing testimony to its efficiency.

P & S Bowel Evacuant is sold with the absolute guarantee that it will relieve your constipation in 3 minutes or your 50c back. Tube lasts a long time. Harmless.

Mine Workers Open Drive To Promote Peace

Lewis Instructs Union Policy Committee To Seek Separate Agreements

WESTERN OPERATORS FAVORABLE TO MOVE

Union Officials Scout Belief That General Tie-Up In Coal Field Will Occur

By KENNETH CLARK.
International News Service Staff Correspondent

MIAMI, Fla., Feb. 24.—The United Mine Workers today began a far-flung drive to bring peace to the soft coal industry.

Members of the union policy committee, speeding home today, were under instructions from John L. Lewis president to arrange separate settlements with all operators who will accept the union demand for no wage reduction. The first settlements are expected to be with the operators in the outlying districts of Montana, Wyoming and Washington.

Miners leaders also declared that a majority of the owners of Illinois and Indiana have indicated they would sign up for the $7.50 a day present wage. The union is hopeful that the leading Ohio and Pennsylvania operators will fall into line later.

May Force Agreement.

Armed with individual agreements Lewis will then attempt to force another joint wage conference to negotiate a contract for the entire bituminous field. An announcement is expected within a few days from Lewis' headquarters in Indianapolis as to the progress of the miners latest peace plan.

Similar tactics were employed successfully by the union to break the 1922 strike.

Lewis is well satisfied with the prospects for the future.

He believes he can win because of the unorganized resistence of the operators. The operators who attended the unsuccessful joint wage conference here were not unanimous behind the competitive wage proposition advanced by Ohio and Pennsylvania. By signing up a majority of the tonnage, Lewis is confident he can force reluctant operators to accept a renewal of the present contract.

Several weeks may be required to negotiate the separate settlements and lay the groundwork for another joint meeting. Therfore a short suspension is expected after April 1. None of the union officials believe there will be a paralyzing strike.

Volley Ball Team Loses Contest

The Business Men's Volley ball team of the Y. M. C. A. was defeated Wednesday evening by the team of the Central Y. M. C. A. Business Men of Youngstown. The match was held on the gym floor of the Youngstown Y.

New Castle players were swamped from the start of the first game, losing three out of the five games.

The following men made up the invading team: Harold Baer, Dr. Reed, Dr. Foster, Dr. Cleland, Tom Elliott, Lippman, Carl Hanna and Mark Rabinovitz.

Gas Bootleggers Are Made Target

Motor Federation Urges Governor To Get After Gas Tax Evaders

HARRISBURG, Feb. 24.—In a letter to Governor John S. Fisher today, Pennsylvania Motor Federation suggested that in the executive's investigation of "gasoline bootleggers" in Pennsylvania he pay particular attention to dealers who buy gasoline beyond the borders of the state, pay no state tax, but collect two cents per gallon for every gallon they sell. The federation also suggested an inquiry as to the number of Pennsylvania gasoline users who buy by contract beyond the state line, have the gasoline shipped to them in tank cars, and thereby save two cents a gallon.

"These users save $200 on a tank containing 10,000 gallons," so you will readily understand that they are willing to pay freight charges," wrote the motor federation.

"Motor federation urges that before the Commonwealth of Pennsylvania seriously consider the addition of another cent on the gasoline tax, it give more than passing thought to the problem of collecting all of the huge sum due at the two-cent rate," wrote President Richard C. Haldeman, who returned to the United States today after a trip to the West Indies.

"There is no reason why the state government should give dishonest and unscrupulous dealers and other gasoline users an opportunity to mulct the people and the state of another cent—which will be true if the tax is made three cents and changes are not made in the laws so that 'bootleggers' can be forced to come to time.

"I see no necessity for any increase in the gasoline tax. Chairman Charles W. Eaby of the Federation's Legislative committee was right when he said the other day the highway department with revenues now in sight has sufficient funds for the next two years. The budget submitted by the governor to the legislature shows the amount will be in excess of $93,000,000. That is considerably more money than was spent in the first two years of the Sproul administration."

Old Stomachs Made New

So You Eat What You Like Without Distress

Diapepsin is a powerful influence in the digestion of meat, eggs, cheese, butter, fats, bread, white flour food, cereals and almost everything we eat. Thus, when you chew one or two of these remarkable digesters you practically get a new stomach, even if it seems old, played out and capable only of handling a spoonful of soup and a small cracker.

A host of people, apprehensive of stomach ulcers and catarrh of the stomach, soon discovered that Diapepsin removed all the pain, fullness, gassiness, sour, acid risings—cause of headache, biliousness, sleeplessness and many other distresses, besides promoting a hearty appetite and increasing health and strength. By all means try these digesters. Get a 60 cent package of Pape's Diapepsin at any drug store.

BURN GARBAGE PHILLIPS SAYS

Second Ward Tin Cans Are Being Collected Today, Friday

Howard Phillips, superintendent of the collection of garbage today issued a request that as much garbage as possible be burned in furnaces as a result of the municipal incinerator being closed temporarily for repairs. While the furnace is closed trucks will be used to collect tin cans. Today the trucks are operating in the Second ward. Cans will also be removed from that section Friday.

Phillips stated that considerable difficulty is caused by persons who place tin cans on sidewalks.

"Unless they are placed in receptacles near the garbage can they will not be removed," he warned. "When they are placed on sidewalks they are scattered over the street.

Slayer Of Wife Tries Suicide

(International News Service)

ASBURY PARK, N. J., Feb. 24.—After confessing to a reporter today that he had shot and killed his wife Helen and wounded deputy sheriff Abram Kulp in his home in South Langhorne, Pa., Edward Reiker, 25, shot himself three times in the breast. He is not expected to recover. The shooting of Mrs. Reiker and the deputy sheriff is said to have followed an attempt on the part of the officer to serve Reiker with papers in a divorce suit.

City Firemen Are Called To Plant

City firemen were called to the New Castle Tin plant last night about 7:45 o'clock by an alarm from box 55 to fight a blaze, the cause of which is unknown, which originated in the Coupe of James Heasley, Jr. The loss was about $50. The car was in one of the sheds provided for machines and was pushed out of the stall in which it was located before the fire could communicate to the building

Some Idea Of Plans For New Junior High

Some idea of the proportions and facilities of the new junior high school to be erected on Euclid avenue was gained in an interview last night with A. L. Thayer, architect for the building.

It is to be a two-story structure as a whole, with a third floor in some parts. It will have a front 300 feet in length and a depth of 156 feet. It will accommodate 1,200 students.

There will be an auditorium seating approximately 1,000 persons, a double gymnasium, a swimming pool, home economics department, manual training department of four rooms, library, art department, cafeteria, rest and toilet rooms on each floor and something new in school construction here, an elevator.

There will be a basement under only a portion of the building, owing to the slope of the ground and the fact that as now planned there will only be excavation made under the rear part of the building. This may be changed.

The basement will contain the heating plant and swimming pool.

At the right of the main entrance will be located the auditorium, seating a thousand persons. It will contain a balcony and a stage. At the left of the main entrance and also on the main floor will be the double gymnasium, one-half for the boys and the other half for the girls. These gymnasiums may be thrown together for basketball games. The swimming pool will be under the gymnasium.

The classrooms, 32 in number, will be arranged around the auditorium and gymnasium on both the first and second floors.

On the third floor, over the gymnasium and auditorium, will be located the cafeteria and art room. The administrative department will be located at the rear and on the first floor, allowing the persons in charge to have easy access to every part of the building. The janitor will also be located in this section.

In fact, the plan as now arranged is one of the most complete and up-to-date that could be arranged.

Woman Injured In Auto Smash-up Is Asking For Damages

The case of S. M. Ruehle and wife, Jennie Ruehle, of Bessemer, against Louis E. Yoho for damages for injuries sustained in an auto accident was called for trial before Judge Parker at court this morning. It is claimed that Elton Ruehle, son of S. M. Ruehle, was driving with his mother on the Coitsville road, when Yoho came out of a side road at a high rate of speed and hit the Ruehle car. The Ruehle machine was turned over. Mrs. Ruehle suffered a broken arm and other injuries to her back and face. Ruehle claims to have expended $1,100 in treating her. He claims $3,000 for loss of her services and Mrs. Ruehle asks for $5,000 damages.

Plans For Union Meeting Progressing

General Committee In Charge Has Meeting—Other News Notes Of Seventh Ward

The general committee in charge of the union lodge meeting of Auxiliaries to Railroad Brotherhood had a committee meeting Wednesday evening in the home of Mrs. Earl Druschel on North Liberty street. According to all reports the plans for this union meeting are progressing and everything is coming along just fine.

A large crowd is expected to attend this fourth annual union lodge meeting. Last year at the union meeting at the morning and afternoon sessions there was approximately 250 ladies present. This year an even larger number is expected to be present. Last year each of the five auxiliaries in the city had the privilege of inviting three out of town railroad auxiliaries, this year they may invite four.

The program for the day will be as planned, registration during the morning. In the afternoon introduction of grand officers, speaking by grand officers and drill work by auxiliaries. In the evening the members of the mens Railroad Brotherhoods have been invited to be present, and there will be an entertainment program followed by dancing.

RIVERS HIGH.

The rivers are high, the Mahoning, the Shenango and Hickory Creek, Mahoning river and Hickory Creek are especially noticed when going along toward Moravia. But they are not nearly as high as one other time this winter when the Mahoning was nearly up to the concrete road.

PENNA-BO LODGE.

The members of the Penna-Bo Auxiliary to Brotherhood of Locomotive Firemen and Enginemen had their regular lodge meeting in the Woodman hall Wednesday afternoon. During the meeting plans were discussed for their part in the union lodge meeting being held on March 17. The next meeting of the lodge will be in two weeks.

WILLING WORKERS.

The Willing Workers society of the Mahoning Presbyterian church had their regular monthly meeting in the church parlor following the prayer service in the church Wednesday evening. A nominating committee was appointed during the meeting, comprised of Mrs. Frank Wallace, Mrs. Ralph Wettich and Mrs. William Leicht. Plans were also talked over for having a supper and bazaar in the fall.

STAR OF WALES LODGE TO MEET

Initiation Ceremonies To Occur On Saturday Night—News Of Lodge Folks

Regular meeting of the Star of Wales lodge No. 60, True Ivorites of America, will be held Saturday evening, February 26. Glyn Davies of 912 Cunningham avenue will be initiated into the order at this meeting by the following team: Griffith Thomas, Thomas Grey, Thomas D. Thomas, Griffith Phillips, Henry T. Jones, Emry Lewis, Daniel Richards, Isaac Isaacs, Evan Hopkins, Charles Richards and Benjamin Fowler.

The members of the lodge are glad to hear that Evan Hopkins of Sheridan avenue has recovered from his last illness.

The following members are on the sick list of the lodge: Edward Gibbon, Shaw street; Griffith M. Jones, East Washington street, and Harry Davies of Dushane street.

Mrs. Daniel Williams of Sheridan avenue, the wife of the Star of Wales treasurer, is still complaining of illness and a change in location has been recommended by her physician. She will move to the home of her daughter and son-in-law, Mr. and Mrs. John McNiell.

Mrs. Samuel Whilding, wife of Rev. Whilding, pastor of the First Congregational church, is improving in health after weeks of illness.

Word came from Mr. and Mrs. Benjamin Powell of Edison avenue stating that they arrived safe and sound on the soil of Birmingham, Ala., where they journeyed last week. Mr. Powell is supervising the erection of some large construction work of the Pennsylvania Engineering works. Mr. Powell is at the present time master mechanic of the works.

When the new telephone line was opened between England and the United States a few weeks ago the editor of the Western Mail of London sent a greeting to James J. Davis, secretary of labor, and the Welsh people in general.

A bill is before the Massachusetts legislature to increase from $300 to $600 the state pension for Charlotte Mitchell otherwise known as Wontonekemuske, the only living Indian princess in New England. She is a direct descendant of the great Chief Massasoit and is entirely dependent on the pension she receives from the state.

Steel Industry Operations Are At Good Average

PITTSBURGH, Pa., Feb. 24. — The Iron Age in its weekly summary of the iron and steel trade says: Improved demand for finished steel is reported from all of the leading producing centers. Outside of large pipe, tin plate and rails, the orders are almost exclusively for early delivery. Meeting the urgent calls by increasing mill operations results in backlogs remaining small. The industry now appears to be operating at last year's average, or close to 85 per cent of capacity, with the Steel Corporation several points above that figure and leading independents somewhat below. Ingot production is put at 80 per cent in Pittsburgh, compared with 77 last week and 75 two weeks ago. In the Chicago district the Steel Corporation has blown in the fourth stack in the past five weeks.

Satisfaction from the steady increase in bookings is modified by the low prices applying to much of them. What is virtually the "buying" of orders has not disappeared in some lines, but in others attempts to bolster prices have been made. On Monday several makers of hot-rolled strips announced advances of $2 to $4 a ton. Resistance to price reduction is marked in plates and late low quotations on wire nails are not now uncovered.

Fabricated structural steel work in prospect has been increased in the week by fully 47,000 tons, including 6,000 tons for a New York bank building, 6,000 tons for a Houston, Tex. hotel, 4,000 tons for a telephone building at Dallas, Tex. and 11,500 tons for three buildings in Chicago. A 43-story structure proposed for Chicago would add 10,000 tons. The War Department has given permission for a bridge over the Chesapeake Bay, requiring 35,000 tons. Only 561 freight cars were ordered in the week, while 21 locomotives were bought and 24 are pending. A Delaware River shipyard has bought 9,000 tons of plates for three oil tankers. The continued activity in pipe for oil companies has added to mill bookings 65 miles of an 18 inch gas line for Louisiana and put under negotiation 78 miles of 8⅝ inch and 60 miles of 6⅝ inch pipe.

Loosen Up That Cold With Musterole

Have Musterole handy when a cold starts. It has all of the advantages of grandmother's mustard plaster without the burn. You feel a warm tingle as the healing ointment penetrates the pores, then a soothing, cooling sensation and quick relief.

Made of pure oil of mustard and other simple ingredients, Musterole is recommended by many nurses and doctors. Try Musterole for bronchitis, sore throat, stiff neck, pleurisy, rheumatism, lumbago, croup, asthma, neuralgia, congestion, pains and aches of the back or joints, sore muscles, sprains, bruises, chilblains, frosted feet, colds of the chest. It may prevent pneumonia and "flu".

A THREE DAYS COUGH IS YOUR DANGER SIGNAL

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all know drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory disease, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. (adv.)

Sausage From Sick Pig Kills Student

Zelienople Man Who Killed Porker Did Not Know It Was Ill

LANCASTER, Pa., Feb. 24—Sausage made from a diseased pig was responsible for the death of a theological student and the illness of five other undergraduates at Franklin and Marshall college it was made known today by the state board of health.

The dead student is Thomas R. Safrit, 25. Students taken ill are Zoltan Sykszay, Trenton; James Kress, Pittsburgh; Ladislaus Hunyady, Lancaster; William Toth, Cleveland and Theodore Noss, Lancaster. They are recovering.

When the smoked sausage was received last month by Toth, he divided it among his friends. A few days later they and five others, who also ate some of the sausage became ill. Safrit went to his wife's home at Brackettsville, Md., where he died yesterday. An analysis by state health board chemists showed the presence of trichina. Further investigation showed the sausage had been sent by Jasper Mathe of Zelienople and that it had come from a diseased pig according to the health department. The pig had been killed by Joseph Toth of Zelienople who, the department said, did not know the animal was diseased.

Rid Me of Piles

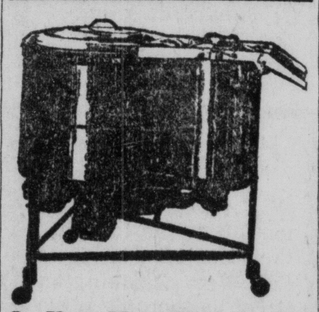

Suffered For Years; Says "The Only Remedy That's Any Good."

John O'Leary, 297 North Division Street, Buffalo, for 14 years Supervisor of the Second ward, wants to pass the good word along.

"Take it from me," says Mr. O'Leary, "When you suffer torment with piles for many years as I did, and tried all kinds of remedies without any success, you'll be glad to say a good word for the only remedy that is any good."

"Peterson's Ointment rid me of piles so quickly that I was astonished. I felt somewhat peeved, however, to think that I had suffered so many years before knowing what a wonderful remedy Peterson's Ointment is. Let me thank you from the bottom of my heart." —John O'Leary.

Any live druggist will tell you about Peterson's Ointment—a big box for 35 cents. Use it for old sores, ulcers, itching eczema, rashes, burns, bruises, chafing and all skin diseases—there is nothing better.

Be independent of outside ice supply next summer —*and forever*

Install Frigidaire now

ONCE Frigidaire is installed in your home, you are forever free from the need of outside ice supply. The minute the connections are made and the current turned on you have automatic electric refrigeration—you have the permanent convenience of direct frost-coil cooling —you have Frigidaire.

Frigidaire makes the most perishable foods easy to keep

When you put fresh foods in Frigidaire they stay fresh—fresh until you are ready to use them—fresh as when first delivered at your door.

And your refrigeration costs will be lower too. You will reduce expenses because you can buy foods in larger quantities—because you can keep all you buy until you are ready to use it—because Frigidaire's operating cost is less than the cost of ice.

The Frigidaire name-plate on the electric refrigerator you buy means the proven dependability of a product of General Motors, and the endorsement of more than 300,000 users.

See Frigidaire in actual operation. Inspect the new models now on display. Come in today.

Weingartner Becomes Senate Floor Leader

Selection Of Local Senator To Handle Administration Bills High Honor

Election Reform Measures Will Likely Pass Without Much Opposition

(From News Bureau)
(State Capital)

HARRISBURG, Pa., Feb. 24.—In the selection of Senator George T. Weingartner of Lawrence county as the sponsor of Governor John S. Fisher's election reform program the county has been signaled out for rather unusual distinction. And once again Governor Fisher "outsmarted" the gentlemen who presume to know the gubernatorial mind.

Twenty-four hours before the bills were presented the political observers were confident that Senator Frank J. Harris of Allegheny county would be selected. He had been mentioned consistently in connection with the election reform program and it was assumed that he would undoubtedly be named.

Between Bonbrake and Weingartner

At the last minute it appeared as though Senator Bonbrake of Chambersburg would be named, and on Monday night it became known to a few that the choice lay between Senator Weingartner of Lawrence and Senator Bonbrake.

At nine o'clock Wednesday morning the selection was made and at 10 o'clock the governor's messenger brought the bills to the desk of Senator Weingartner, and once again Governor Fisher had used his own discretion in choosing his man. In effect, the selection of Weingartner as sponsor for the election reform program is tantamount to naming him as the Senate floor leader.

Several things entered into the selection. First, Senator Weingartner's legislative experience. This is his eighth session in Harrisburg, three of them being spent in the House, this being his fifth session in the Senate. Second, his experience with elections as a county commissioner entered into it. As a commissioner for five years in his own county he was in close touch with the functioning of the electoral machinery. Finally, his freedom from entangling alliances with any of the factions in the present session probably was the deciding factor. He has always been more or less independent and during the term of Senator John S. Fisher a warm bond of friendship was formed between the two.

Nationally Known Legislation

The election reform bills, four of them in all, will probably stand out as one of the few pieces of definite, constructive legislation of the session of 1927. Not only are they of widespread interest in the state of Pennsylvania, but they will probably attract national attention. It is Pennsylvania's answer to the charge that she has allowed corruption to rule her elections in the past.

It is an honest, intelligent attempt to institute reforms in election practices in the Keystone state and will go far in the re-establishment of confidence in Pennsylvania politics.

The four bills should meet with the hearty approval of such organizations as the League of Women Voters. In the bills are included almost every feature asked for by them, with the exception of the installation of voting machines, and these are still in the experimental stage.

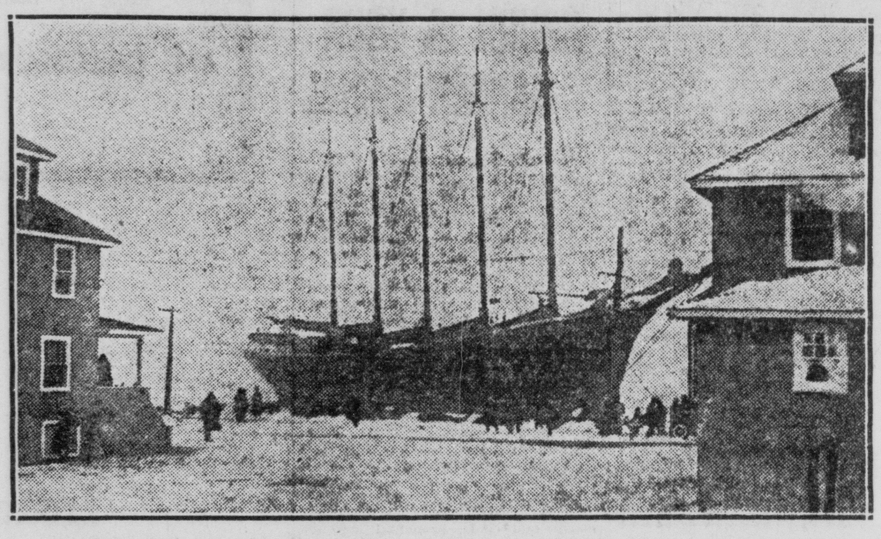

There appears to be little doubt as to the passage of the four bills in substantially the form they are presented. Some amendments may be offered, some little change may be made, but in substance they will go to the floor of the Senate and House as they are, and it is almost a certainty that they will pass. They are the first bills presented as administration legislation and will probably be the outstanding feature of this session.

Lawrence county men and women, as well as Beaver county, the companion county in the 47th senatorial district, can feel proud of the selection of Senator Weingartner as the sponsor of the bills, for it is a distinction that would have been accepted willingly by any one of the other 49 senators in the upper house.

Board Receives New Regulations

State Health Rules On Medical Inspectors Puzzle To School Board

New regulations governing the medical inspection of students in public schools were received by the board of education at its meeting last night from the health department of the department of education, which may indicate the necessity of increasing the number of medical inspectors in this school district.

It was referred to Dr. C. C. Green for investigation as to the correct interpretation of the new regulation as far as this district is concerned, he to make a report to the board at the next regular meeting.

Under the provisions of the new regulation there must be one part-time medical inspector for each 4,000 pupils of the district, or one full-time medical inspector for each 10,000 pupils. At the present time the district is employing two part-time medical inspectors.

The problem for the local district lies in the fact that there are now 10,700 pupils enrolled. This, on the face of the new regulation, would mean that three part-time medical inspectors would be required. Then there is the question if the board should decide on a full-time medical inspector or whether it would mean that an additional inspector need be employed for the slightly more than 10,000 students. This is the matter that is to be investigated.

Under the regulations the part-time inspectors are required to spend at least three hours daily, or 12 hours a week, allowing one day off for private practice without interference, in inspection work for a period of eight months a year. The full-time inspector is required to spend at least six hours a day on inspection, or a total of 27 hours a week.

The suggested compensation for part-time medical inspectors is from $100 to $250 a month, while the suggested compensation for full-time inspectors is from $250 to $350 a month.

OBJECTS TO GIFTS

FARRELL, Pa., Feb. 24.—Angered because Monroe Douglas, Hamilton avenue, disliked her receiving gifts of underwear from other admirers and burned a package containing such a gift, Wilhelmina Bates had him arrested yesterday afternoon. HIDDEN GERMS THE MOST DEADLY

Antiseptic tooth pastes or mouth washes play a vital part in guarding good health—kill the germs on the teeth and in the mouth. But—what of the millions of disease germs which enter the stomach and intestines with the food—which are not thrown off even by daily bowel movement—but remain to bring about system-poisoning, known as TOXEMIA?

To meet this newly discovered necessity for an "internal antiseptic" Partola was originated. It quickly relieves Toxemia (system-poisoning) by driving out disease germs—cleansing the system — and leaving the digestive tract sweet, clean and healthy

Prevent system poisoning (Toxemia) —Take Partola today—in delicious mint form! At any good druggist. Regular box, 30c—double size, 50c.

Able Message By Rev. Maxwell At Epworth Church

Much Interest Manifested In Special Services—Music Feature Of Meetings

Epworth M. E. church was well filled Wednesday evening at the evangelistic services now in progress. The meeting was designated as "Men's Night" and the center block of seats was well filled with men.

The singing and music were excellent and the song leader, Sidney Carlson, has a large chorus choir which sings the gaspel songs and leads the congregation in a manner that is most inspiring.

Mr. Carlson sang a number of selections in an effective manner. The rendering of "Open the Gates of the Temple" with violin obligato by Mrs. Carlson and Mrs. Anna Pyle, accompanist, was especially appreciated by the entire congregation.

The pastor, Dr. Maxwell, preached an able sermon on "I Would See Jesus." He asked the professing Christians how they could show Jesus to the world. You may say to them read the Bible, pray, go to church. These are excellent suggestions, but how are you going to get them to do these things. That is where the trouble comes in. There is one way that will not fail; that is the living testimony of our lives. Show Jesus Christ in our living.

Although we may fail to reveal Him perfectly, with our human limitations, yet it is our duty not to withhold our testimony even if imperfectly portrayed. We should give the best we have.

The question is are we honestly trying to picture God adiquately in our lives. The city does not want more preaching, singing or special meetings. The people want to see professed followers stop playing at religion and show Christ as a reality in our lives.

This evening is "Constitutents Night." Song service at 7:30. Preaching at 8 o'clock.

WHERE, OH WHERE?

"Where is the car?" demanded Mrs. Alexander.

"Dear me," exclaimed Alexander. "Did I take the car out this morning?"

"You certainly did. You drove it to town."

"How odd. I remember now that after I got out I turned around to thank the man who gave me the lift, and wondered where he had gone."

Odds Against Possibility Of Extra Session

Observers At Washington Do Not Believe Call Will Be Made

By CHARLES P. STEWART
Exclusive Central Press Dispatch to New Castle News

WASHINGTON, Feb. 24.—Betting is now strongly against an extra session of the national legislature between the first of March, when the 69th Congress ends by limitation, and the first of December, when the 70th meets, as per constitutional requirement.

The one thing that might have forced President Coolidge to issue an extra call was a snarl tying up some of the government's cash supply bills, and this danger appears to have been removed.

Of course, a great many pieces of legislation will go by the board at the last minute which numerous individual lawmakers will consider it imperative to have acted on long before next December. However, no very considerable number will concentrate on any one thing. United, a large group might get action. A lot of little knots of two or three apiece, pulling in different directions, can't accomplish much.

About the only possibility of a miscalculation and the necessity for a presidential summons to senators and representatives to rush for Washington ahead of time, is the very unpleasant one of a serious turn for the worse in Mexican-American relations.

Nothing that can happen in Central America is deemed likely to necessitate congressional approval.

On the contrary, it's thought the administration will be glad of the chance to deal with the Central Americans as it believes best, with no interference from Capitol Hill. Mexico is too large a mouthful for executive mastication without legislative assistance, but any two or three Central American mouthfuls can be masticated by as many cruiserloads of marines, which are at the President's disposal whenever he wants them without so much as a "by your leave", so far as Congress is concerned.

China, to be sure, is a mouthful to stick in the rest of the whole world's throat, if an attempt were made to swallow it whole, but that isn't anticipated. At most, all that's foreseen is a little nibbling at a few coastal foreign settlements, and that, again, is a mere matter for marines. It may result in a bad case of indigestion later on, but the risk of trouble on a large scale with China isn't immediate.

Congress, at any rate, is taking it for granted that it's going to have a rest.

Quite a few members are planning European trips.

Two "junkets", as they call 'em, are being arranged. One congressional party expects to visit Panama; the other Hawaii.

An expedition of this sort is cheap and lots of fun. The government furnishes a transport. The congressmen take their families. They're royally entertained on board and royally received on shore. They get the sea air and see the sights and come back and make a report—a kind of a travelogue.

It's known as a "tour of inspection".

But Washington won't be so dull this coming summer, even with Congress at home or abroad or "junketing".

No end of "politicking" will be going on.

The succeeding summer will be a presidential summer and then it will be too late for preparations. The fight will be raging tooth and nail.

It's during the summer of 1927 that the quiet little preliminary confabs will be held, in hotel bedrooms and House and Senate offices which are supposed to be closed.

Washington looks quiet in summer, and so its surface is, but there generally is plenty of activity in the dark water underneath.

Splendid Singing Special Feature Of Crusade Meeting

Choir Augmented To Many Voices Since Special Meetings Began In Trinity Church

The sermon preached last night in Trinity church by the Rev. Malcolm de P. Maynard was unique in the series and provoked much discussion after the service. It dealt with the crucifixion of Christ as the supreme revelation of God's love and the awfulness of sin. The crusader made it abundantly clear in a powerful and convincing way that the sins which crucify Christ are not alone stealing, drunkenness, murder, lust, but the sins of so-called respectable people—pride, malice, hate, selfishness, worldliness, scorn of others, meanness, deceit, self-indulgence. "Nothing delights Satan more than a beautiful church like this with feeble, ineffective congregations."

"As our sins caused Christ's death, we must make amends to Him, we must get rid of them. The church is in the world today to loose the chains of sin and has a definite method of doing so. God wants us to know our sins, wants us to be sorry for them, wants us to tell them to Him."

The description of the means to accomplish this from the earliest times followed. It was expressed simply, clearly, and shown to be the way in the individual life "to lift up Christ before men, to hold Christ up, to make religion vital."

Tomorrow night this idea will be carried on into the thought of the power of the Risen Christ to change lives singly and in groups.

The congregational singing in Trinity church last night reminded one of the choir festival on Ascension Day, when Rev. Frank Damrosch, Jr., came out from Brooklyn, N. Y., to conduct the massed choirs of the Shenango and Mahoning valleys—notably the glorious Welsh tune Ton-y-Botel.

The use of the re-dedication cards was explained and all attending took one home to be filled out and returned this evening or Friday evening.

Hymn singing tomorrow night at 7:45, crusade service and sermon at 8 o'clock.

Zoning Appeals Board Will Meet

Board of Zoning Appeals will hold its regular monthly meeting Tuesday March 1 at 3:30 p. m. for the consideration of appeals from the decision of the city engineer in the matter of granting permits for improvements, dwellings, etc.

Th board will have the lightest business to consider in its entire existence. There is but one case scheduled for the afternoon and it is naticipated that it will require but a brief space of time.

Mrs. Harry E. Marshall of 221 Crawford avenut, has appealed from the decision of the city engineer, who refused her a permit to enclose her front porch in glass. The permit was refused because the zone in which the Marshall home is located, forbids such construction.

Sterrett Writes About Legion Banquet Here

Sheriff Tom Sterrett of Erie, who was the chief speaker at the legion banquet in the cathedral in this city on Monday night, is also a member of the Erie Daily Times staff, writing a column of comment daily. Here is what he wrote about the banquet in this city:

I know that the finest banquet I've attended in many a long day was the one given by the Perry S. Gaston post No. 343, American Legion, in the Scottish Rite cathedral, New Castle, last Monday night. It was the seventh annual Washington's birthday banquet, and the legionnaires came from Butler, Sharon, Youngstown, Beaver Falls and elsewhere to attend it.

I know that there was nothing stilted, nor formal, about the banquet, even though the best people of Lawrence county were present. The toastmaster of the evening was Thomas W. Dickey, a well known and popular lawyer of New Castle. And a great kidder! He's the best toastmaster around this section. His introduction of Hon. William H. Dunlap, mayor of New Castle, was a work of art. The mayor didn't know whether to kiss Dickey or give him a punch in the nose. Then Mr. Dickey introduced James K. Love, who a director of the New Castle Chamber of Commerce. Mr. Dickey said the Chamber of Commerce, in New Castle, was the most unpopular body in that town, unless it was the school board. Mr. Dickey also said that one of the penalties of living in a civilized urban community, was that you were forced to listen to somebody from the Chamber of Commerce, every time anybody held a banquet. Which gave Director Love a fine running start. But Love more than held his own.

I know that among the honored guests of the evening were: Mrs. Joseph H. Thompson, state commander American Legion auxiliary; Hon. R. Lawrence Hildebrand, president judge of Lawrence county; Hon. S. Plummer Emery, ex-president judge; Dist. Attorney J. Elder Bryan, Past Commander Fred V. Stover, Veterans of Foreign Wars; George W. Conway, editor of the New Castle News; Col. James Costello and Dr. McKee of the Allegheny county committee of the American Legion, Charles W. McGinnis, field secretary American Legion endowment fund; State Vice Commander Harry B. Bunting and Past Dept. Chaplain Rev. Father McGuigan. The Butler Bugle and Drum corps was present and there were many acts of vaudeville, much good music and much good singing. Mrs. James Evans, formerly a member of the Metropolitan Opera Co., scored a great hit in several selections.

I know that Erie has nothing like the Scottish Rite cathedral in New Castle. This magnificent building, which cost nearly two million dollars, will comfortably care for 2,000 diners at a banquet, with no person crowded, and plenty of space for waiters to move about between the tables. I don't know how many attended the banquet last Monday night, but it looked to me like a million. The entire affair was under the direction of Pat J. Dempsey, who is district commander of the American Legion for that district. He was assisted by L. B. McAnaney, Hon. Bart Richards, C. A. Patterson, A. M. Chilton, Paul A. Welsh, Charles E. Allen, John Kennedy, Alex I. Donnan, William J. Caldwell, W. C. Fleming, W. R. Allen, Earl Toler, John M. Higgins, Orville Brown, H. C. Hunter, Phil Greer, Charles Wirsing, Robert Armstrong, John McKibben, Paul Butz, Ivor V. Davis, Post Commander Harry Long and William L. Burton.

I know that as the speaker of the evening, I brought great delight to the people of the valley of the Shenango with respect to the Father of Our Country. Men and women wept on my shoulder after the meeting was over, and said they had never really known anything about George Washington until I came to New Castle. I traced the life of Gen. Washington from the time he ran the hotel in Washington Court House, O., until he invented the system by which instantaneous coffee is made. You would scarcely believe how a great audience like that could be moved by the recital of dry, historical facts. The people of New Castle have dared me to come back and tell them something about the lives of Abraham Lincoln and other great Americans.

I know that the Perry S. Gaston post, New Castle, has a magnificent home of its own. Not one penny is owed for it, either. The patriotic citizens of that town wanted their ex-soldier boys housed comfortably, so they provided the funds to purchase a fine old mansion with plenty of ground to build additions should these ever become necessary. It is at least nearly the time when Erie citizens should do some similar thing.

Noted Pianiste And Concert Coach Locates In City

Musical circles in New Castle at the present time are welcoming the addition of Madame Elise Conrad Korzeniowska, pianiste and concert coach who has associated herself with the Smith-Williams Institute.

Madame Korzeniowska is a pupil of Leschetizky, in Vienna, of Richard Burmeister of Berlin and of Sigismond Stojowski of New York City. With the latter she had been associated for some time. Her coming to New Castle adds one more splendid musician to the already large group here, and it is to be hoped that she finds the city and the work here, agreeable.

England is to observe this year the 10th anniversary of the death of Ann Borleybray, who lived to be 87 and is said to have been the oldest actress who ever appeared on English stage.

Our idea of monopoly would be control of both tobacco and cough drops.

Famous Old Recipe for Cough Syrup

Easily and cheaply made at home, but it beats them all for quick results.

Thousands of housewives have found how to save two-thirds of the money usually spent for cough preparations, by using this well-known old recipe for making cough syrup. It is simple and cheap but it has no equal for results. It gives immediate relief, usually stopping an ordinary cough in 24 hours or less.

Get 2½ ounces of Pinex from any druggist, pour it into a pint bottle, and add plain granulated sugar syrup to make a full pint. If you prefer, use clarified honey, instead of sugar syrup. Either way, it tastes good, keeps perfectly, and lasts a family a long time.

It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and raises the phlegm, soothes and heals the membranes, and gradually but surely the annoying throat tickle and dreaded cough disappear entirely. Nothing better for bronchitis, hoarseness or bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract and palatable guaiacol, known the world over for its healing effect on membranes.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with directions. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

Miss Houston Draws Clever Design For Magazine Cover

Issue Of High School Monitor Is One Of Best Of Years At School

The February number of the Monitor, the Senior High school magazine, is out and is a very fine piece of work.

Something new is noted in this edition, in that the cover design of Elizabeth Houston is in unison with the first literary section of the edition. This section is made up of four short articles entitled "Four February Days", written by Lois Davenport, Harriet Martin and Mary Windish. The cover design of Miss Houston also refers to these four days in a very clever piece of artistry. The days are February 2-12-14-22.

The literary section of this number of the Monitor is small, Mary Elizabeth Gibson, Sara Cohen and an unidentified senior being the three to contribute.

The prize essay of Margaret Shaffer is also in this number.

The jokes and class notes of the February number are very fine, showing a fine appreciation of humor on the part of Irene Bowman and Margaret Shaffer, the jokes editors.

The members of the staff that is putting out such fine numbers this year are as follows:

Editor-in-chief, Lenore White.

Exchange editors, Margaret Zimmerly, Elizabeth Morrow.

School news editor, Virginia Duff.

Reporters, Leola Weisbaker, Bruce Ewing, Marjorie Milholland.

Personals editors, Helen McBride, Dorothy Reinhart.

Class notes editor, Josephine Sowersby.

Jokes editors, Irene Bowman, Margaret Shaffer.

Alumni editors, Rebecca Gwin, Lois Davenport.

Boys' athletics editor, Arthur Mackey.

Girls' athletics editors, Ruth Stanley, Marian McNees.

Art editors, Elizabeth Houston, Angela Windish.

Business staff: business manager, James Blanning; advertising manager, Richard Bartley; circulation manager, William Kirk.

Advertising staff, Hazel Bergland, Amy Jean Young, Louis Hazen, Graham Patterson, George Kline, William Beall, Ransford Riddle, Paul Palmer, Wayne Harper.

Bookkeeper, Clarence Murphy.

Faculty supervisors, Miss Allison, Miss Johnston, Miss Riffer, Mr. Book, Miss Gailey, Mr. Wilson.

Large Number Of Businesses Not Yet Represented

There are over one hundred classifications vacant in the New Castle Kiwanis Club according to the list that the Classification Committee is preparing for the information of the club.

The list is being prepared to show the club just what business and organization of the city are not yet represented on the membership of the club or that is represented by only one person, his competitor having not yet been added to the club membership.

The list runs from A to Z and includes some business that at present are not located in New Castle, and some that have only one representative. Several men might be classified under two or more kinds of business but according to the rules of the club 60 per cent of his business time and energy must be spent in that line that constitutes his business.

The membership of all Kiwanis Clubs is made up of two representatives of each business in the community, and thus each man is brought in association with his competitor that is mutually helpful to each one and also beneficial to the community at large. If there comes to the community a man who has been a member of another Kiwanis club but there are already two members of the club from his line, he can become a reserved member.

When I saw how many women were praising Rinso, I thought I'd try it, too. I'm glad I did! Why, it's my best friend! Floors, linoleum, tiles—everything is spick and span in no time! And as for the wash, Rinso is so safe, and so sudsy in our water that the clothes become snowy and spotless without the least bit of hard rubbing! Even boiling isn't really necessary. Another thing: my hands look ever so much better now for not being in the hot suds so long.

MRS. REBECCA PRINGEL,
418 West Lincoln Avenue,
New Castle, Pennsylvania.

Millions use Rinso. Thousands write us letters like this.

"So Safe and Sudsy," New Castle Woman Says:

Look at this wash -whiter than ever

In machine or tub, clothes get *cleaner* this gentle way. Even in hardest water!

YOU, too, will be astonished—to see how much whiter and brighter clothes become, when washed this new way!

No other soap gets clothes so sweet and fresh. No other soap gets the week's wash spotless so quickly, so easily. And so *safely*!

In washing machine or tub, Rinso loosens the dirt and stains so that scrubbing is unnecessary. Boiling, too—for Rinso whitens without boiling—*sterilizes, too!*

Rich, creamy suds

Rinso is the amazing granulated soap which gives thick suds even in hardest water. Not frothy soap bubbles, but rich *suds*. Makes the water soapy all through. Best of all, Rinso is completely safe; contains no acids, bleaches or harmful chemicals. So economical, too! It's all you need on washday. No bar soaps, chips or water softeners.

Whether you use a washing machine or not, clothes come out of Rinso suds whiter than you've ever seen them.

If the wash is very soiled, just soak it an hour or two in creamy Rinso suds before using the washer—and you won't have to do a bit of hard rubbing. The grimiest hems and edges will come snowy with just a touch. Clothes last longer—and hands stay youthful—this gentle way!

No wonder the makers of 30 leading washing machines recommend Rinso!

Best for tub washing, too

Millions who do their wash by hand will accept no soap but Rinso. It *soaks* clothes whiter than they could be *scrubbed*. Try it your very next washday, and say "Goodbye Blue Monday."

For economy and best results, follow easy directions on package.

Schools At Bessemer Teem With Activity

(Special To The News)

BESSEMER, Pa., Feb. 24.—Five weeks have rushed by since semesters and again the teachers are going about with that knowing look on their faces which means that they are making out the fatal exams.

The chapel program of last Thursday was under the direction of Miss McLaughlin. It was a patriotic program honoring the famous men who have been born during the month of February. Two patroitic essays were given, several songs were sung and a hatchet drill was presented. Mr. Colton will have charge of the next program.

Bessemer High school met Union High school in a literary contest last Friday evening at Bessemer. The program was as follows:

Orchestra.

Essay, "Peace", Catherine Hannon; "Where There Is Smoke There Is Fire", Hettie Crum.

Orchestra.

Oration, "The New Department", Maurice Levinson; "Neighbors", Emma Patton.

Orchestra.

Declamation, "The Cabin Is Empty Again", Irene Parks; "College Oil Cans", Eleanor Throop.

Orchestra.

Debate: resolved: That the Monroe Doctrine should be abolished; affirmative, Russell Funkhouser, Clela Fleming, John Cresty (alternative); negative, Dorothy Winland, William Seltzer, Harry Howary (alternative).

Orchestra.

Decision of the judges.

Orchestra.

The decisions were divided between the two schools. Bessemer won the debate, 3-0. Bessemer also won the oration, 2-1. The decision for Union was as follows: essay, 2-1, and declamation, 2-1.

Bessemer teams played two of their best games of the season on their home floor last Saturday night. Both boys' and girls' games were with Darlington. The Bessemer boys won by a score of 29-12 and the Bessemer girls defeated the Darlington girls by a score of 16-13. A large crowd was present and the cheering section kept things lively.

The Boy Scouts of the Bessemer High had a banquet in the high school building. The girls of the various cooking classes prepared for them a delicious supper. After the banquet Messrs. Eales, Byler and Colton gave short talks. Joe and Frank Stanish entertained the Scouts with music. Each person present gave a joke, then Walter Nord and James Augustine engaged in an ice cream contest. Teams were chosen and the various sides contested in a basketball game. The Scout Club is under the direction of Mr. Lukkarila. It is one of the most wideawake clubs in the school, so we are certain that they must have enjoyed their banquet immensely.

Petersburg girls met Bessemer girls on the Bessemer floor Monday evening at four o'clock. Enthusiasm ran high. Petersburg was confident of winning, but the game belonged to Bessemer from the time the whistle blew until the end. The final score was 24-14.

Tuesday evening the grade teachers entertained the high school teachers at a Washington Birthday party. Twenty teachers were present. Games were played and prizes awarded. The hostesses served a delicious lunch. This is the second time this year that the teachers from the two buildings have had a social evening together.

The basketball game between the Ben Franklin Junior High and the Bessemer High promises to be a fast one. Both schools have had fine training and according to their past records they will be able to play a good game. The game will be played Friday evening, Feb. 25, at New Castle.

The Odd Fellows lodge will hold their annual banquet in the high school auditorium on Friday evening. There will be out-of-town speakers and the high school orchestra will entertain the lodge by giving musical numbers.

A typewriting class supervised by Miss Keys, the high school commercial teacher, has been organized and will meet every Monday evening from seven until nine o'clock. This class is for the benefit of those who do not have the opportunity of taking typewriting during school hours. Anyone wishing to receive instructions in typewriting should see Miss Keys before next Monday evening.

Mr. Winters, teacher of the science department and assistant principal, has been called to his home on account of the death of his father. During his absence Mr. Garvin of Westminster College is teaching his classes.

The girls of the Bessemer High school have organized another Scout Club. This club is for the benefit of those who cannot be present at the club meetings during the activity period on Tuesday. The new members meet every Monday evening after school. Miss Keys is in charge and Nellie Clancy acts as first lieutenant.

The bankers' banquet was held in the Presbyterian church last Tuesday evening. The toastmaster was Mr. Green, president of the Bessemer State Bank. Other speakers of the evening were Messrs. Wilkerson, Griffin, Fullerton, Wallace and Weitz, the latter being the new bank clerk. The decorations and favors were appropriate for Washington's birthday. The ladies and young girls of the church served a delicious chicken dinner. The music was furnished by the Bessemer High school orchestra.

Mounted police in Bradford, England will in future have small electric tail-lights fixed on the strap at the back of the saddles.

DR. W. B. CALDWELL AT THE AGE OF 83

Old Folks Need a Mild Laxative —Not a "Physic"

Most men and women past fifty must give to the bowels some occasional help, else they suffer from constipation. One might as well refuse to aid weak eyes with glasses as to neglect a gentle aid to weak bowels.

Is your present laxative, in whatever form, promoting natural bowel "regularity"—or must you purge and "physic" every day or two to avoid sick headache, dizziness, biliousness, colds, or sour, gassy stomach?

Dr. Caldwell's Syrup Pepsin helps to establish natural, regular bowel movement even for those chronically constipated. It never gripes, sickens or upsets the system. Besides, it is absolutely harmless and pleasant to take.

Buy a large 60-cent bottle at any store that sells medicine or write "Syrup Pepsin", Monticello, Illinois, for a FREE SAMPLE BOTTLE and just see for yourself.

RED PEPPER HEAT STOPS BACKACHE

The heat of red peppers takes the "ouch" from a sore, lame back. It cannot hurt you, and it certainly ends the torture at once.

When you are suffering so you can hardly get around, just try Red Pepper Rub, and you will have the quickest relief known. Nothing has such concentrated, penetrating heat as red peppers.

Just as soon as you apply Red Pepper Rub you will feel the tingling heat. In three minutes it warms the sore spot through and through. Pain and soreness are gone.

Ask any druggist for a jar of Rowles Red Pepper Rub. Be sure to get the genuine, with the name Rowles on each package.

The neglected point in sanitation

Makes bowl sparkling white

Now everyone is using Bowlene to keep their closet bowls snowy white. The old way of scouring was a disgrace. For Bowlene shaken in the water of the bowl, quickly removes all stains and odor without your doing a thing.

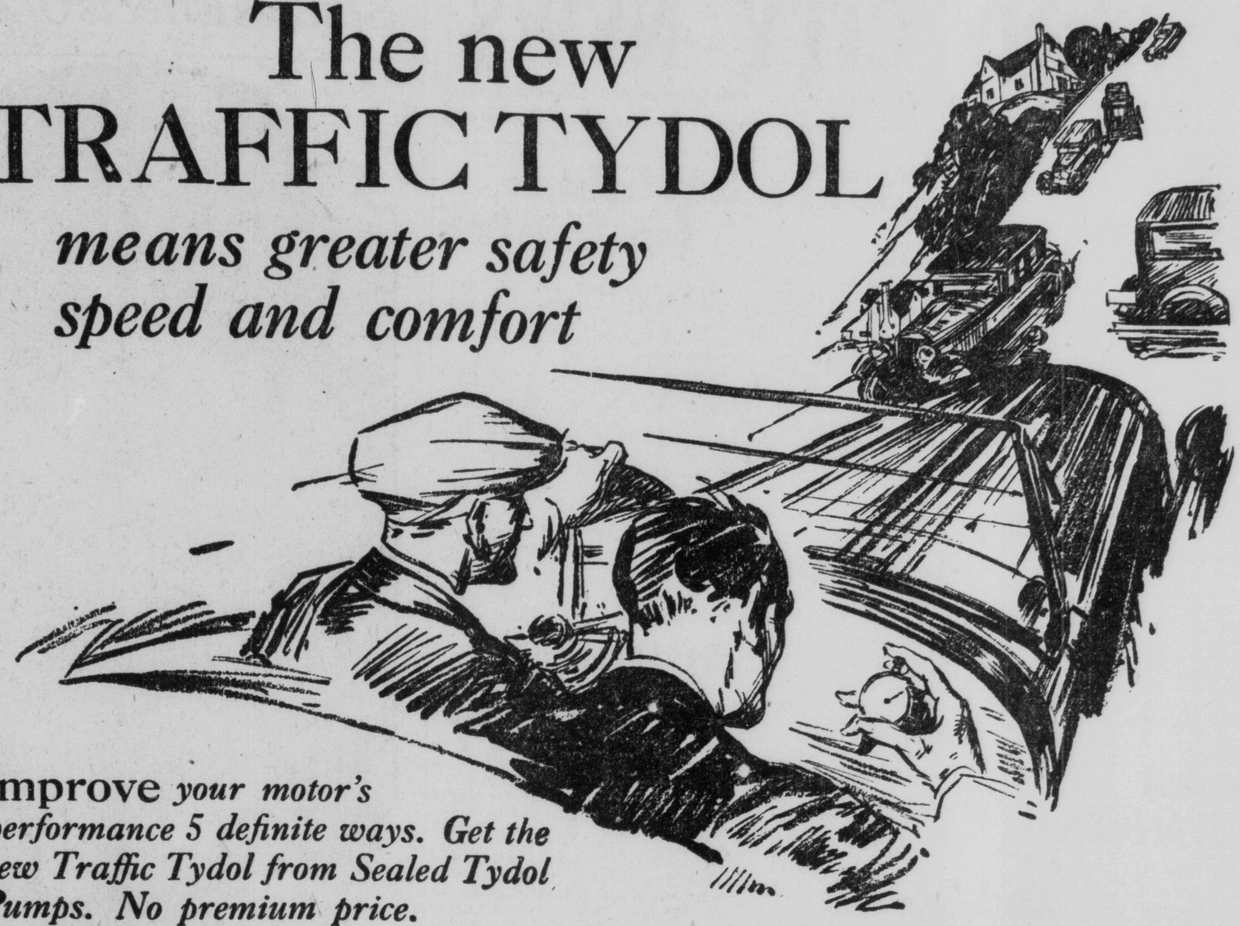

At the same time it disinfects the entire closet system and gives the air in the bathroom a fresh outdoor cleanliness.

Both your Druggist and your grocer have Bowlene. A large can 25 cents.—One can will convince you.

The new TRAFFIC TYDOL

means greater safety speed and comfort

Improve *your motor's performance 5 definite ways. Get the new Traffic Tydol from Sealed Tydol Pumps. No premium price.*

ON a Saturday or a Sunday, doesn't it often seem as though all of the country's twenty-one million cars are on the same road you have chosen? Cars, lines of them, turning, backing, slowing down, speeding up.

No wonder emergencies constantly pop up in such traffic. To meet these emergencies you need more than skill and good brakes.

You need a new type of motor-fuel,—not just a "good" gasoline, not a special-feature gasoline, but a gasoline that makes these 5 improvements in the performance of your motor. First, split-second starting. Second, rushing pick-up. Third, great reserve power for emergencies. Fourth, elastic power to reduce gear-shifting. Fifth, anti-knock qualities to keep a motor quiet and sweet-running.

This gasoline is now offered to the motoring public in the New Traffic Tydol. Impartial tests made by professional car demonstrators proved the New Traffic Tydol superior to other gasolines in the 5 essentials demanded by modern traffic. The improvement this new gasoline makes in a motor's performance is so apparent that you can easily confirm those tests in your own car. Test Traffic Tydol today!

TIDE WATER OIL SALES CORPORATION

PROOF!

The New TRAFFIC TYDOL means

1. FASTER STARTING
2. QUICKER PICK-UP
3. MORE POWER
4. LESS GEAR-SHIFTING
5. REDUCES KNOCKING

Above facts proved in impartial, stop-watch tests. New Traffic-Tydol competed with seven other gasolines. Tests made by 16 professional demonstrators in following cars, picked at random.

Ford	Star "6"	Franklin	Studebaker
Whippet	Pontiac	Willys-Knight	Chrysler
Chevrolet	Nash	Chandler	Reo
Dodge	Hupmobile "6"	Buick	Locomobile "8"

New Traffic-Tydol earned 66 out of possible 70 first places in tests made on 5 separate points. Unanimous choice of all 16 demonstrators as best all around gasoline.

Signed, photostatic records of above tests on file in offices of Tide Water Oil Sales Corporation, 11 Broadway, New York City.

Your Income Tax

Income Tax in a Nutshell:

WHO? Single persons who had net income of $1,500 or more or gross income of $5,000 or more, and married couples who had net income of $3,500 or more or gross income of $5,000 or more must file returns.

WHEN? The filing period ends March 15, 1927.

WHERE? Collector of internal revenue for the district in which the person lives or has his principal place of business.

HOW? Instructions on Forms 1040A and 1040; also the law and regulations.

WHAT? One and one half per cent normal tax on the first $4,000 in excess of the personal exemptions and credits. Three per cent normal tax on the next $4,000. Five per cent normal tax on the balance of net income. Surtax on net income in excess of $10,000.

No. 33.

The period for filing income tax returns made on the basis of the calendar year 1926, ends at midnight March 15, 1927. When by reason of illness or absence from home additional time is required, an application for an extension should be addressed to the collector of internal revenue for the district in which the taxpayer files his return. The application must be made before the return is due and must contain a full recital of the causes for the delay. Except in the case of taxpayers who are abroad, no extensions are granted for more than six months.

Copies of the prescribed forms, so far as possible, are furnished taxpayers by collectors. Failure to receive a form, however, does not relieve the taxpayer of his obligation to file a return and pay the tax on time. Taxpayers who are not supplied with the proper form should make application therefor to the collector in time to have the return prepared, verified, and filed on or before the due date.

Carefully noting the instructions on the forms, the taxpayer should prepare his return so as clearly and fully to set forth the data therein called for. Imperfect or incorrect returns are not accepted as meeting the requirements of the income tax law. Lacking a prescribed form, a statement made by a taxpayer disclosing his gross income and the deductions therefrom may be accepted as a tentative return and, if filed within the prescribed time, will relieve the taxpayer from liability to penalties, provided that without unnecessary delay such a tentative return is replaced by a return made on the proper form.

Taxpayers whose net income for 1926 was $5,000 or less and was derived chiefly from salary or wages are required to make their returns on Form 1040A. Persons whose net income was in excess of $5,000, or, regardless of the amount or profession, including farming, are required to use the larger form, 1040.

Start Bridge First Of March

WARREN, Pa., Feb. 24.—Work on the new bridge across the Allegheny river at Irvineton will begin about March 1. Representatives of the Youngstown firm which has the contract were in Warren a day or so ago completing plans for commencement of the task. Many men from Warren and Forest county will be given employment, it is said.

Jill was at one time as properly typical a girl's name as Jack may still be reckoned a boy's.

Couldn't Walk Steady, Man Blames Gas

"For years I suffered from gas on the stomach. At times I could not walk and felt like I would topple over. Adlerika has done me more good than anything I have ever taken."—P. F. Carley.

Adlerika is a compound of the best saline intestinal cleanser with glycerine, buckthorn, cascara and other gas-expelling and detergent elements. It is excellent for Intestinal Stasis, a disease due to modern ways of living and which is often the true cause of sour stomach, gas bloating, nervous dyspepsia and restless sleep.

Unlike most medicines, Adlerika acts upon BOTH upper and lower bowel, giving the intestines a REAL cleansing and bringing out old poisonous matter you never thought was in your system. Even if bowels move daily, you will be surprised how much more old matter Adlerika brings out which may have been causing all your trouble. In slight disorders, like occasional constipation, GAS bloating, indigestion or sick headache, ONE spoonful always brings relief.

Doctors Praise Adlerika.

Dr. H. L. Shoub, New York: "Adlerika, in addition to its intestinal cleansing, checks the growth of intestinal bacteria."

Dr. A. C. Curl: "I prescribe Adlerika with highly satisfactory results."

Dr. J. Weaver: "In my 50 years' practice, I have found nothing to excel Adlerika."

J. E. Puckett: "After using Adlerika, I feel better than for 20 years. Awful impurities were eliminated from my system."

Dr. F. M. P. (name withheld by request): "I use Adlerika in all bowel cases. Some require only one dose."

No matter what you have tried for your stomach and bowels, Adlerika will surprise you. At leading druggists. In New Castle at Love & Megown's.

Success Of Radio Measure Predicted

By CLARENCE C. DILL
U. S. Senator from Washington

(Clarence C. Dill, a co-author of the White-Dill radio regulation measure, was born at Fredericktown, O., Sept. 21, 1884. By turns he was a newspaper reporter, school teacher and finally a lawyer, practicing at Spokane, Wash. Mr. Dill, a Democrat, was elected to the 64th and 65th congresses, 1915 to 1919, and became senator from the state of Washington in 1923. Senator Dill's home is in Spokane, Wash.)

The right of congress to regulate radio transmission is based on the constitutional provisions that authorize regulation of interstate and foreign commerce.

CLARENCE DILL

The right to regulate is not the right to own. It happens in radio transmission that regulation may easily prevent the effective use of radio for broadcasting purposes because receiving sets are built to receive broadcasting on wave lengths between 200 and 550 meters.

Since no license can be issued for more than three years and any license may be revoked whenever the license violates the terms of the license or is guilty of practices that would justify the commission in refusing a license, it is safe to say that we have fully protected the public interests.

The White-Dill radio bill protects the public against a monopoly of radio broadcasting. It prohibits the transfer of licenses, except on the written consent of the commission. If any licensee is guilty of monopoly, the commission must revoke his license.

In case the commission finds an applicant for a license or for the renewal of a license is guilty of practices against the public interests the license may be refused. In other words, the success of the bill depends upon the devotion of the members of the commission to the public interest.

Code Committee Convenes Tuesday

Local Committee To Confer With Morris, Knowles Representative

Tuesday night in city hall, a committee of local craftsmen will confer with a representative of Morris, Knowles & Company, Pittsburgh, which has drafted a building code for New Castle.

The local committee some time ago presented recommendations and the draft is the result of their ideas and those of the firm.

The local body consists of: E. F. Connelly, realtor; H. Calahan, electrician; T. J. McMicheal, Building Trades Council; A. A. Hoyland, L. A. Haugh, W. I. Clark and C. L. Bentley, contractors.

A luxury is anything you can't afford, and desire particularly for that reason.

Suggests Stadium Plan For Ravine

D. S. Pyle Makes Suggestion To Council—Matter Of Finance Only Obstacle

D. S. Pyle has presented to city council a plan whereby the ravine in the vicinity of Park, Boyles avenue and Mercer street can be beautified and converted into a public stadium which he believes would be a big asset to the city of New Castle.

The plan shows a stadium that would, if built, have a quarter mile track, football field, swimming pool and tennis court. It would result in the closing of a portion of North Mercer and also of Young street.

Pyle's letter points out the number of new buildings which have been built and are contemplated and describes what they mean to New Castle. He tells of the present condition of the ravine and shows how it could be made a stadium and enhance in beauty.

According to the plan the stadium would extend from North Jefferson to Blaine street. Should the suggestion be adopted a section of North Mercer street would not be paved as the land would be needed.

The city owns one portion of the ravine, having purchased this recently for $1,200.

Councilmen today stated that the stadium plan is good but at this time they cannot foresee any way to finance its construction.

Polish Women Have Enjoyable Party

About 75 women, members of the Polish Women's class of the International Institute taught by Miss Sroczynska were present at a 7 o'clock dinner, served in the Central Y. W. C. A. dining room, Wednesday evening. Mrs. H. M. Kirk was a special guest.

Following the dinner games were enjoyed in the social room of the Y. W., under the leadership of Miss Ruth Lotman, director of physical education in the city schools. A most enjoyable time was had.

Much of the success of the party is do to those in charge of the arrangements, who were, Miss Sroczynska, Mrs. Litwinwicz, and Mrs. Kurdupska.

PETERS ADVENTURES IN ANIMAL LAND

By Florence Smith Vincent

WHERE THE LAND RAN AWAY

The lean Dog led and Petares followed.

By and by the two came to a place where the land had tried to run away from the river, but the river had reached out a long arm and caught it and drawn it back again to itself.

In this little bay that the arm of the river formed grew rushes, thick and tall. And the rushes moved as though shaken by a storm. But it was wild ducks feeding among them that caused them to shake and sway.

Ducks, indeed! Used as he was to seeing them, Petares caught his breath, for here were more wild birds than he had ever glimpsed together in one spot and at one time.

"Truly, you have done well, my hound!" whispered Petares, and at the words of praise the lean Dog's tail beat a frantic tattoo upon his sides. "Rare sport we shall have here, you and I. Tread carefully now. And, mind you, do not bark, lest you should scare the birds into flight and spoil all our fun. Back, sir! You walk too near the water!"

Petares' finger was at his lips, but the warning was not really necessary. To begin with, the lean Dog knew his business, having hunted so often before, and, no sooner than his master would he have made a sound. In the second place, unless it had been a very loud noise, indeed, the ducks would not have heard him if he had, for the splashing they were making in the water.

However, being an obedient Dog, he backed up and crouched down. Then Petares knelt upon one knee and broke down the reeds that were in the back, out of sight of the ducks in the water. And when he had gathered an armful he sat down upon the ground and began to weave them together. The lean

DUCKS INDEED! MORE DUCKS THAN PETARES HAS EVER SEEN!

Dog thought this all very queer, and at last his curiosity got the better of his obedience. He barked, but very low, so that it could not be heard by any not close by:—

"What now, Master, tell me, pray? What think you to do with those rushes? Surely you do not consider them so beautiful that you desire to have them? And if you do, why gather them until after you have hunted?"

Petares shook his head at the lean Dog.

"You ask too many questions, hound. Lie still and keep watch and you will guess my purpose. One thing I promise you—you shall have a mouthful of wild duck to carry home if all goes well, for I am about to play an old trick that scarcely ever fails."

Next: "A Good Trick, Maybe!"

DINNER STORIES

TOUGH LUCK!

In a will case the plaintiff, when his name was called, stood up in the jury box.

"Why, plaintiff," said the judge, "what on earth are you doing there?"

"I was chosen, sir, to serve on the jury."

"But," said the judge, "that was a mistake, of course. Surely you must know that you can't sit on a jury and try your own case?"

"Well," admitted the plaintiff, ruefully, "I thought it was a bit of luck."

NO PARTY FOR HIM

"But during those joyful festivities," said the smiling Sunday-school superintendent, "there was one, I regret to say, who took no interest whatever in the proceedings, and utterly refused to participate in the general rejoicing. He was not moved by the happiness of the father at the return of his wayward son, and sulkily refused to unite in the merry-making. Can any one of you tell who this was?" "Yes, sir. The fatted calf."

MATCH THIS ONE

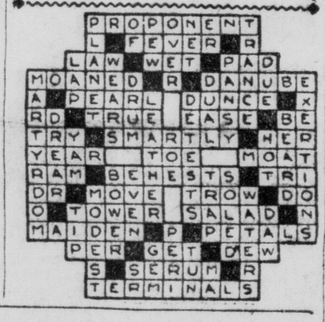

The big car was stalled at the bottom of a steep hill. A passing flivver, seeing the predicament the driver was in, offered to tow him up the hill. The driver of the big car smiled condescendingly, as he agreed. The flivver pulled the big fellow up. As they pulled over the top, the owner of the larger vehicle asked, "What is all that smoke coming from the back of your car?"

"Just imagine," came the answer, "I've had my brakes on all the time."

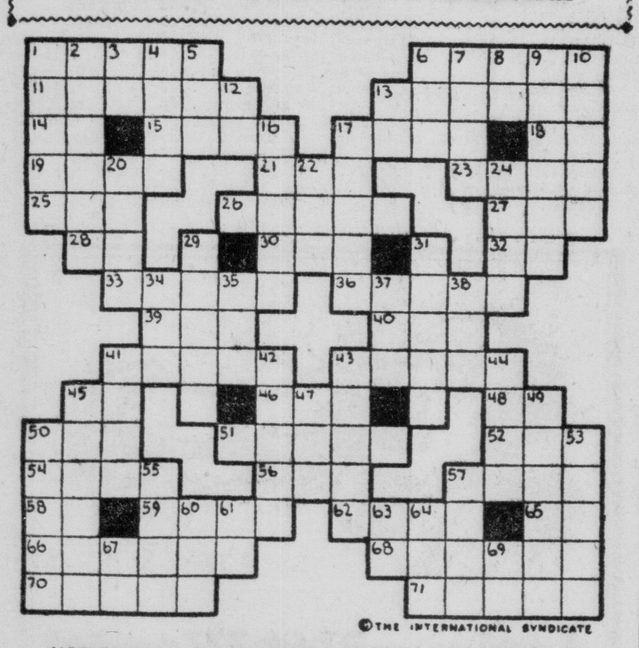

And yet a lot of people think they are liberal because they lack the backbone to have convictions.

PAOLINO FAVORED TO WIN OVER KNUTE HANSEN

European Champ Looks Impressive

Experts Pick European Champion To Defeat Knute Hansen Friday Night

BOUT TO BE HELD IN NEW YORK CITY

BY DAVIS J. WALSH
Sports Editor Internat'l News Service

NEW YORK, Feb. 24.—Conceding only that the sack race at the annual grocers' outing is "in the bag," the writer nevertheless was not surprised to learn today that rumors abound concerning the likelihood of the "smart money" going in on Paolino, the well known human being, to win tomorrow night from Knute Hanson. These reports are getting to be an everyday story like soup on the vest and the necessity of washing thoroughly behind the ears.

I'm even beginning to doubt that smart money really exists, since money apparently doesn't care who owns it. Most of it I have seen has been dumb, judging by the men who have had it.

It was the smart money that was suposed to rally around Jimmy Maloney the other night; yet the writer was able to get 2½ to 1 for his ten dollar flier on James an hour before the fight. They don't give that kind of odds unless the "play" on the short end is extremely light.

Wise money, they say, made a clean-up on Tunney. Maybe it did but the evidence was somewhat against this being the case. If any important money went down on Tunney, the odds would have shorted violently and with great haste. They didn't. Jim Coffroth, in fact, is understood to have displayed a readiness to shoot a sheaf or two on Dempsey at long odds but nobody would play with him.

European Champion.

As for Paolino, money bet his way tomorrow night needn't be particularly intelligent if he is half the man he purports to be. One of his claims happens to be the heavyweight championship of Europe, which sometimes is worth almost as much as the undisputed championship of South Bend, Ind. Still, there seems to exist some doubt as to whether he is or is not a better fighter than Harry Persson and the latter isn't exactly a tramp.

He, at least, would figure to beat Knute Hanson, who is to be the opponent of the Basque Tree Surgeon tomorrow night. Hanson, according to all accounts, has everything except the idea that a moral victory gathers no cold slaw. If he gets away to a good start, they say, he might beat anybody but that, on the other hand, a title like the lion of the Pyrennes might beat him before a nose is punched.

Anyhow, it doesn't look to me like the kind of fight that will cause sap bettors to rush into the open with money pinned to their lapels. It will be Paolino's first, and maybe only appearance of any consequence in an American ring and, as such, is attracting some attention. But it doesn't look like the spot for a gambling coup.

Of course, it would be an excellent idea for the Basque to win and that kind of thing usually elevates a wise eyebrow here and there. But as I have said, he should win, anyhow, if he has anything and, if he hasn't a decision over Hanson won't conceal the fact.

One of the noticeable features of the present football season in England has been the marked increase in the number of women attending.

Peerless Five Defeat Polish Falcons 33-27

The Peerless Five of the Independent Athletic association defeated the Polish Falcon quintet by a score of 33 to 27 in a game played on the Falcon floor on Tuesday night. The game was one of the best of the year on the local floor, and was hard fought in all periods.

The Falcons defeated the Peerless team earlier in the season and the game Tuesday night served as a means for revenge for the South Side boys. The Peerless team started to score at the very outset of the game and held a slight lead throughout the four quarters. The score at the end of the first half was 16 to 14. The Falcons were held to seven field goals for the entire game four in the first half and three in the final sessions which shows in a degree the effective guarding of the Peerless boys.

Captain Benny Marino, playing a guard position for the Peerless team got three buckets in addition to putting up an extraordinary fine game. Carmen Marino, Natale and Fernati also scored three field goals apiece.

Frankovich with four baskets was the leading scorer for the Falcons, with Cegielka and Burke also playing a strong game.

Tre lineup and summary:

Falcons—27.		Peerless—33.
A. Mehalic	F	M. Mash
Frankovich	F	C. Marino
Cegielka	C	Natale
Zuhowski	G	Fernati
Burke	G	B. Marino

Field goals: B. Marino 3, C. Marino 3, Natale 2, Fernati 3, Mash 2, Frankovich 4, Cegielka 2, Burke.

Fouls: Peerless 5 out of 14; Falcons 13 out of 21.

Senior Teams Win From Mt. Jackson

Senior Boys Take 22 To 11 Victory; Girls Secure 28 To 13 Verdict

MT. JACKSON, Pa., Feb. 24.—The Senior High boys' and girls' teams of New Castle secured victories over local high teams here Wednesday night on the local court. The boys' game ended 22 to 11 and the girls' game was 28 to 13.

The Senior boys had a lead of 8 to 2 at the end of the first half and were never in danger of losing their stride. DiThomas, with three field goals, was the leading scorer for the Seniors.

The Senior girls had an easy time with the Mt. Jackson maidens in the preliminary game. The Senior girls held a lead of 16 to 12 at the end of the first half of play. Warner, with eight markers, was the best scorer for the winners.

The line-ups and summaries:

Scranton Secures Hull To Battle Champion

FORT WORTH, Tex. Feb. 24. — Clyde Hull, who obtained a newspaper decision over Pete Latzo, welterweight champion here Monday night, will meet Latzo again March 25 with the title at stake if both men are within the weights, Dick Griffith, Hull's manager announced today.

The fight will be at Scranton, Pa., Latzo's home, ten rounds to a decision, Griffith said.

SORDS POINTS

Comeback's Chances Depend On How Far He Has Been

By NORMAN E. BROWN

This is going to be quite a year for comebacks, including those of us who have just made the last payment on the new car and are now ready to tackle something else.

There are two kinds of comebacks in the sport game—mental and physical. The mental comebacks are always successful. I never saw an old timer yet who wasn't sure, not only that he could come back but that he was already half way to his old place in the vestibule of fame.

But the physical comebacks aren't so common. In fact the difference between the number of those who think they can come back and those who do arrive is so great that the list of failures reads like the Civil war casualty list.

And then there are serious comebacks and humorous ones, and some that sound serious at the start and turn out to be big laughs.

Now there is Benny Leonard, for instance. Benny says he is going to break his promise to his mother, his booking agent and the beauty specialist and re-enter the ring in quest of the welterweight and middleweight titles.

He has been out of the game two years, confining his activities to a song and dance act. The roughest service his face has seen in that time has been a few wicked jabs from a grease pencil.

His fighting has been confined to one-round victories over enticing French pastries.

Heeds No Warning.

But now he plans to come back. This despite the miserable effort of Jack Dempsey and those who have gone before. Not only that, but he plans to come back in a strange class—at a poundage he has never carried before. And he still believes he will have his dazzling speed and skill.

Then there is Bill Tilden, king of the tennis world for six years. Dethroned by Rene La Costa, French flash, last year, Bill hopes to regain his throne again. His is not an idle hope. It is rather a defiance hurled at Father Time. Tilden faces the long road back at an age when he may well be called through. He has played wonder tennis for better than 10 years—a pace that should check his speed by this time.

With the younger Vincent Richards (his only rival) out of the way by virtue of his professional venture, Tilden may well feel that he can come back as far at regaining his American laurels. In fact he is still king of Uncle Sam's netters. It was the invasion of the French stars that halted his reign, the Europeans sending him down to defeat as early as last spring.

So it may be this year. Tilden may crash his way through American competition, but the French menace looms stronger than ever by virtue of the fact that La Coste, Borotra, Brugnon, Cochet and Landry are all young men—approaching the zeniths of their careers.

In baseball the ranks of the "comeback" hopefuls are crowded.

Sam Jones, "Sad Sam" who helped the New York Yankees win three pennants in a row, but who seemed to have lost his grip last season, joins the list. Having been traded to the Browns, Samuel has taken a new lease on life and hopes to be a regular on the Brown squad.

Frank Snyder, veteran catcher of the Giants, is another. Sent to the St. Louis Cardinals by the Giants last season, he refused to report. Now, however, he has been re-instated by Judge Landis and hopes "to make the grade" with the world's champions. The fact that the team may split another series melon did not, of course, enter into his change of heart.

And then there is Charley Robertson, former White Sox pitching sensation.

Soars to the Heights.

On April 30, 1922, Charley, then a rookie with the Chicago White Sox, stepped into the box almost an unknown, to pitch against the Detroit Tigers. He emerged a member of the select immortals who have pitched no-hit, no-run, no-man-reach-first games.

Twenty-seven men faced him and went back to the bench.

The baseball world apparently lay at his feet. But somehow Fate, kind to him for a moment, became scornful. While he did pitch some good games for the Sox, he never quite came up to expectations. Eventually he was allowed to drift to the St. Louis Browns. He failed to find himself there and was dropped to the minors.

The Boston Braves acquired him in the draft last fall from Milwaukee. Now he hopes to do a comeback with the Bostonians.

Fans are always with these comeback hopefuls when they are in earnest.

New Castle High Lettermen To Meet For Organization

Tonight at 7:30 o'clock all lettermen of New Castle High school dating back to the inovation of insignia awards at the local institution will gather in the Senior High school for the purpose of organizing into one large body to be known as the N. C. club.

The meeting tonight will be in the nature of a get-together for the former stars of the gridiron, floor, track and baseball. Any man who has earned the right to wear the school insignia is eligible for membership in the new club.

It is the purpose of the N. C. club to promote a spirit of sportsmanship among the teams of today and also to further the cause of sports in New Castle High school.

It would be impossible for the writer to list the eligible candidates for membership. It is hoped however that a goodly number of men will turn out for the meeting tonight and show enough interest in the movement to make it successful.

Westminster Prepares For Duquesne Game

(Special To The News)

NEW WILMINGTON, Pa., Feb. 24.—Duquesne University basketball devotees may finish in a tie with Waynesburg for the Tri-State Conference championship or they may even finish at the top of the heap. Just where and how they are to finish will be determined largely Saturday evening when they meet Westminster at New Wilmington.

Basketball games may come and go, but never do they equal or surpass the annual visit of the Dukes here. Last year Westminster was set to give the city lads a merry chase, but after a few minutes of play, floundered and the Dukes won by an over-whelming margin. There is not one reason in the world to believe that the Duquesne boys will win handily this year. At Pittsburgh a short time ago, Westminster gave them all the fight they wanted for one evening.

In their game here, Duquesne will be primed. They realize that the appreciation of their phenomenal early season work hinges on the success of the tail-end of their schedule. A defeat by Westminster would be a catastrophe for the Dukes at this stage and they will travel at top speed in their endeavor to return the victor.

Coach Lawther of Westminster has been drilling his men hard the past few days. He has been devoting considerable time to defensive tactics. Westminster lost to Waynesburg for the simple reason that on two different occasions a Waynesburg sharp-shooter was permitted to slip in back of the defense unmolested for easy field goals. This must not happen Saturday evening or the Dukes will hand Westminster its second consecutive defeat on the home court.

Johnny Basham, former European welterweight champion, has forsaken the ring for the stage and is said to be making quite a reputation as a comedian.

Poverty has compensations. If you seem held down, you aren't held up.

HERE AND THERE IN SPORTS' LAND

By ED. FRITZ

JOHN A. Clinton Jr., Pittsburgh, defending champion in the 24th national amateur 18.2 balkline billiard tourney, being staged at Baltimore, broke the world's record for high average at 300 points when he won his third straight encounter in the play, defeating M. Lewis of Newark, N. J., 300 to 18. He averaged 60 points per inning, which shattered the mark of 37 1-2 held jointly by himself and Perry Collins of Chicago. He went out in five innings. In another encounter Collins defeated Emil Renner of Youngstown, 300 to 187.

HAROLD Ruel, regular catcher for the Washington Senators for the last four years, today was reported in St. Louis dispatches as refusing to sign a contract at a reduced salary rate. He says the cut is rather large and inasmuch as he had a good season in 1926. Ruel declares he is not a "holdout" and has made no demand for salary, but he believes that he should not be cut, and for that reason has not affixed his signature to a contract.

LAFAYETTE College won a swimming meet from the University of Pittsburgh at Easton by a three-point margin, the points being 31 to 28. The victorious team was not decided until the last event, which was a 100-yard free-style swim in which a first by Yates and a third by Hartje gave Lafayette six points. A Pitt swimmer was disqualified in this event for attempting to head a Lafayette entry. Two new pool records were set, Mango of Pitt making a new record for the 150 back stroke in 1:56.8, and Browne of Pitt swimming the 220-yard breast stroke in 1:45.

JACK Dempsey will not receive another chance at Gene Tunney unless he proves his superiority over Jim Maloney, according to a report from New York City today. Tex Rickard is held sponsor for the statement and it appears as though Jack will have to listen to Tex or forego a second fight with Gene unless some other promoter bobs along, which isn't likely, as Tex has a monopoly on Gene's services. Tex is quoted as saying that Jack must show he has improved over his Philadelphia form.

DEMPSEY is in California and will not attempt to start training for two weeks, as he has not entirely recovered from blood poisoning effects due to a recent infection of his arm. Should Jack work himself into fair condition, Rickard would change his mind, as he is a gold digger and Dempsey's drawing power is greater than Tunney's. He is more popular than the man who beat him because there is a suspicion that Tunney wants to be a "high hatter".

ACCORDING to a report drifting to the writer, Bill Steen may not manage the New Castle team and may forsake the local club to umpire baseball in the Three I. League. Steen is reported as having said he has not yet been signed for the managership and that an umpireship has been offered to him. The officials of the local club have indicated that he will be retained, but it is possible that they have taken it for granted that Steen would return. So far information concerning the team's 1927 roster has not been forthcoming.

Despite Age Alex Is Still Frisky

ST. LOUIS, Feb. 24.—The approach of his 40th birthday Saturday has failed to dampen the friskiness of Grover Cleveland Alexander, pitching hero of the Cardinal world series conquest, as he bunts and shags fly balls in the outfield at Avon Park, Fla.

The years have dealt kindly with "Old Pete" and the start of his 17th season in major leagues Tuesday found him as peppery as ten lads from the Cardinals' minor league farms who are trying for places on the roster.

Manager Bob O'Farrell is also stepping lively to take off 15 pounds which is in excess of his playing weight.

Shop Team Captures Swimming Meet At Ben Franklin Pool

Shop Boys Carry Off Honors With 44 Points In Fine Meet Wednesday

Fred Schuller High Scorer With 15 Points; Events Hardfought

The Ben Franklin high shop boys captured the swimming meet staged in the Franklin pool on Wednesday afternoon. The shop team scored 44 points, ninth grade boys 25 points, eighth grade boys 24 points and seventh grade boys 10 points. The meet was held under the personal of Edwin H. Geasa, swimming instructor. The events were closely contested and hard fought.

The meet held yesterday was the second of the year for the junior high boys and they showed a marked improvement over the initial meet of the year. The ninth grade team gave the shop boys plenty of opposition and the eighth grade team was also much in evidence. The seventh grade boys, while new to the swimming game, showed lots of promise.

Schuller High Scorer.

The meet was conducted with Edwin H. Geasa as starter and judge, Nelson Yingling, student manager of swimming as announcer and clerk and Charles "Bugs" Walther of the News force as judge of the fancy diving. Fred Schuller was the big gun in the meet with three first places as follows: Back stroke, medley race and tied for first in the fancy diving. John Watson gave Schuller considerable opposition for the diving title.

Russell Grannis of the shop team scored two first places in the meet capturing the 40-yard free style and 100 yards free style races. Abe Vago led the way in the plunge for distance with a mark of 45 feet. James Herbold staged a pretty exhibition in the 60 yards breast stroke to capture first place.

Stars Nose Out Grocers 22 To 21

The Italian Star Invincibles nosed out the Marcella Grocers, 22 to 21, in a fast game played on the Mahoningtown school floor Tuesday night.

The Grocers held the lead until the third quarter, when their defense weakened and allowed the Seventh Warders to pull through with a one-point margin.

DiMuccio and Cardella were the best for the Stars, while Harris and Marcella played a fine brand of basketball for the Grocers.

The line-up and summary:

Italian Stars 22		Grocers 21
Bunnell	F	Marcella
Orlando	F	Eardley
DiMuccio	C	J. Lewis
Cardella	G	Harris
Frigione	G	L. Lewis

Field goals: Bunnell, Orlando, DiMuccio 5, Marcella 2, Eardley, J. Lewis, Harris 6.

Fouls: Stars, 4 out of 14; Grocers, 1 out of 5.

Referee: Perrotta.

Reserve Team Defeats Fraternities In College Gym

NEW WILMINGTON, Pa., Feb. 24.—Handicapped by lack of team play, an All-Fraternity team at Westminster College, suffered a decisive lacing at the hands of the Varsity Reserves, the final count being 32-11. The game was played Tuesday evening on the college court as a part of the Mother's Day program.

The Reserves started with a rush, ringing up nine points before the fraternity realized that a basketball game was being played. The arrival of the realization only momentarily stopped the scoring of the "Cubs" for they led 15-7 at half time.

The onslaught continued in the third and fourth periods, with the fraternity team scoring but four points in the half. McCullough and Gibson led the Reserves in basket garnering, each getting five. Bowen, Hutchison, Hartwell and Thomas, each scored one for the losers.

The lineups:

Reserves.		Fraternity.
O'Donovan	F	Thomas
McCullough	F	Wright
Stewart	C	Hutchison
Philips	G	Lauder
McQuiston	G	Bucher

Substitutions: Gibson for Stewart, McClintock for McQuiston, Hartwell for Thomas, Eagleson for Wright, Canon for Hutchison, Kennedy for Lauder, Bowen for Bucher.

Field Goals: O'Donovan 2, McCullough 5, Gibson 5, Stewart, Philips, McQuiston.

Foul Goals: Fraternity 3-6; Reserves 2-10.

Referee: Coleman.

Ben Franklin Tops North Street 20 To 5

Ben Franklin High downed North Street, 20 to 5, in a game played Tuesday afternoon on the Franklin floor. It was the seventh straight league victory for the Franklin team.

The North Street team held the powerful Franklinites on even terms for the first quarter, in which neither team scored a point. The Franklin team opened up with their offensive in the second quarter and the first half ended 8 to 2.

Johns and Beres played the best game for the winners, while the work of Vale and Shultz was the best for North Street.

The line-up and summary:

B. Franklin 20 North Street 5

Johns	F	Vale
Ruha	F	Shultz
Beres	C	Alexander
Ciccione	G	McIvor
Shook	G	Hoose

Subs.: Kenst, Zinz.

Field goals: Johns 5, Beres 2, Kenst, McLaughlin, Shook, Vale, Shultz.

Fouls: Ben Franklin, 0 out of 6; North Street, 1 out of 3.

Referee: Berman, Union High.

Grandmother Of Links Wins Medalist Honors

BELLEAIR HEIGHTS, Fla., Feb. 24.—Mrs. Caleb F. Fox, 56, of Philadelphia, known as the "grandmother of the links", yesterday won the medal honors in the women's golf tournament here with a qualifying card of 61. Miss Bernice Wall of Oshkosh, Wis., former Wisconsin women's champion, was runner-up with an 87.

Large and Lively — By Feg Murray

Copyright, 1927, by Metropolitan Newspaper Service

To see Al Miller for the first time in a track suit, you'd think he was a shot-putter or a hammer-thrower. For Al has the heavy flanks and bulging calves that are usually associated with weight-heavers, piano-movers and circus strong men, and no one who did not know his history would possibly accuse him of being a sprinter. Yet that is exactly what Al is at this time of year, and, what is more, he sprints well enough to be looked upon, not only as a winner in the indoor intercollegiates early next month, but in the IC4A outdoor games as well, and as an Olympic contender in 1928 at Amsterdam.

Whe the 200-pound Harvard sprinter came in ahead of Bob McAllister and Hank Russell in the 60 yard dash at the Millrose games in New York last month, "Old Man Lope" received somewhat of a schock but when later on in the evening, Al came back to defeat Frank Hussey and Bob McAllister in the 50-yard final, the aforementioned dope was completely upset, trampled on, and mutilated beyond recognition.

Miller came back three nights later in the invitation 40-yard dash at the Boston A.A. meet to defeat Frank Hussey once more and to add to his claim to the title of indoor dash king of the year. Al will now be a prime favorite to win the intercollegiate 60-yard dash title, which championship he held in 1925, but lost by a few inches to Hank Russell in 1926.

Al Miller, you know, is the same chap who, Wynant Hubbard claims, received such a sock in the nose in a Harvard-Princeton football game that the imprint of a signet ring was left for some time on his proboscis. Much has been written about why Al failed to become a great football player because he he could only run as a sprinter runs, and because he unconsciously favored his legs when tackled. Be that as it may, Al is a most remarkable runner for a man so heavy, and ranks right up among other 200-pounders like "Germany" Schulz, Jim Jeffries, Frank Gotch, Babe Ruth and Earl Thompson, as far as being both big and fast is concerned.

Feg Murray Says—

The poet Coleridge must have been thinking of Tom Sharkey, that veteran sailor fighter, who knocked out Joe Choynski but lost to Gus Ruhlin and Jim Jeffries, when he wrote, "It was an Ancient Mariner and he stoppeth one of three."

SPORTS DONE BROWN

Should Jack Dempsey decide to abandon any hopes he may now hold of re-entering the ring it's a 10 to 1 shot that Tex Rickard's heavyweight tourney will die on his hands.

* * *

For one thing, Jack Delaney was counted on as a sure-fire bet to "carry" the tourney through to a conclusion of some kind by the simple expedient of socking his way into the finals. And as everyone, including those who spent $50 for a seat, knows Jimmy Maloney knocked Jack's crock and ambitions all around the ring.

Not only that, but before he had a chance to break into the round robin, another ace in the hole, Paul Berlenbach, ran afoul of old Mike McTigue and became a total loss as a tournament player.

* * *

AND THE FUTURE HOLDS LITTLE

In the offing are two fights, already scheduled. The first is between Knute Hansen, Minnesota plodder, and Paolino Uscudin, Spaniard. This battle is to be staged March 3. And, based on their records to date, a victory for either man will entitle him to the championship of the ring in which they fight. Neither has done enough to present himself for consideration in such a tourney or as an outside chance at a battle with the world's heavyweight king.

Then comes the epochal contest between McTigue and Jack Sharkey. Mike's knockout victory over Paul Berlenbach, burnt out slugger, gives him the poetic license to enter the tourney. Sharkey knocked out Harry Wills the day before Harry planned to buy a pair of slippers and a cane and call it time to retire.

* * *

Right now the logical move seems to be to save Maloney intact, before anyone gets a crack at him, for a battle with Dempsey or Tunney.

The ten most important battles Maloney had had before meeting Delaney were against Leo Gates, Sully Montgomery, Romero Rojas, Jack Sharkey (the two he lost—he fought a third one), King Solomon, Charley Weinert, Arthur De Kuh, Franz Deiner and Harry Persson.

* * *

Delaney's record, on the face of it, was more impressive. But as the girl remarked when she received the pop bottle diamond: It doesn't mean anything.

Fonseca Works Out After Week's Absence

HOT SPRINGS, Ark., Feb. 24.—Lew Fonseca, the last California infielder, has appeared on the scene after a week's absence, and yesterday took his first workout with the Indian battery. He acted, for the most part, as receiver because the club is short, but got in a good two-hour workout.

The squad took the afternoon off to go fishing in Lake Catherine, but the jaunt degenerated into the usual big league player forum, which consists of recitation of epics of the past which were unnoticed by the sports writers.

M. Fornand Buisson, the new president of the French Chamber of Deputies, was in his day a famous Rugby player, one of the best ever produced in France.

Wampum Indies Top Youngstown Team 53 To 39

The Wampum Indies stretched their winning streak on Tuesday night by toppling the fast Cooksey Express team of Youngstown by a score of 53 to 39 in a game played on the Wampum Opera House floor.

The first quarter of the game was the best of the evening with the Wampumites taking a lead of 22 to 8 at the end of the period. The score at the half stood at 34 to 16.

The Ohioans outscored the Indies in the third quarter by caging six field goals, and four fouls and the score at the end of the third session stood at 43 to 32. The Indies snapped out of it in the fourth period and scored a total of ten points to seven for the visitors.

Hennon and Boone scampered off with the scoring honors with seven baskets apiece, while Carlson and Wopershall were the best for the losers.

The lineup and summary:

Wampum Indies 53. Express 39.

Boone	F	Lattera
Hennon	F	Carlson
Blythe	C	Wopershall
R. Galbreath	G	Deniro
Ferrucci	G	Cooksey

Substitutions: E. Galbreath and Schiek.

Parker's Landing Next Opponent At New Wilmington

NEW WILMINGTON, Pa., Feb. 24.—Scholastic basketball fans of New Wilmington, have not yet ceased extolling Coach Wiggins and his Blue and Gold basket-ballers for their feat of turning back the Farrell high quintet by the one-sided count of 33-12, Monday evening.

It was the worst defeat a Farrell team has received in years, whether at home or abroad. They were fresh from a 14-12 victory over the Sharon high quintet, winners of Shenango Valley honors and favorites to cop Mercer county laurels.

Wiggins will send his lads against their second test of the week Friday evening when they meet Parkers' Landing high on the local floor. The New Wilmington lads will exert themselves to the limit to cop as they feel that their complete record will add to their claim of being Class B champs of Lawrence county.

The Central Christian church team of New Castle, will meet the New Wilmington Reserves in the prelim game.

Athletics Defeat Sophomores 26 To 16

The New Castle Athletics won their 19th straight victory Wednesday afternoon at the Senior High gym by toppling the fast Sophomore A. team under a score of 26 to 16.

The Athletics gained an early lead, which they retained throughout the game. Paulini, with four baskets, was the leading scorer of the battle, while Vago and Mancine also played fine ball for the winners.

For the Sophomores the work of Roher, E. Bauman and Lemer featured.

The line-up and summary:

Athletics 26		Sophs 16
Paulini	F	Roher
Mancine	F	McClymonds
Vago	C	E. Bauman
Soyring	G	Lemer
Sage	G	A. Bauman

Subs.: Mariacher, Manos, Tyrell, Creney, Thompson.

Field goals: Paulini 4, Vago 3, Mancine 2, E. Bauman 2, Roher 2, Manos, McClymonds.

Fouls: Athletics, 8 out of 13; Sophs, 4 out of 9.

Referee: Smith.

George Statler Wins Trapshooting Event

DAYTON, O., Feb. 24.—George Statler, Piqua, won the all-round championship at the second annual mid-winter shoot of the Central Ohio Trap-Shooters' league which closed here yesterday with a total of 325 targets in 350 tries. Statler also copped the doubles title Tuesday.

Harry C. Downey, Springfield, carried off the honors in the singles with 97 breaks out of 100 attemps while the mid-winter handicap championship was captured by Bud Reinhart. The latter broke 97 birds.

The Virginia League, after consideration of some suggested changes, has decided to start the 1927 season with the same circuit of clubs as last year.

Virginia Van Wie Leads Large Field

ORMOND BEACH, Fla., Feb. 24. Miss Virginia Van Wie, 18 years old last Wednesday, led the largest field that has ever attempted to qualify in the women's South Atlantic golf championship.

The Chicago lass had a 40 and at 41 for an 81, three strokes over the course record set by Mrs. Dorothy Campbell Hurd, Philadelphia, who today had an 81.

Miss Van Wie held the former course record of 79 here. She is the Florida East Coast champion and spends the winters at Deland, near here.

A BATTERY REPAIR SHOP
Makes big money and is always busy. Are you satisfied with your present job? Are you sure of it next week or next month, or do you have to hunt a new job twice a year? Unless your job becomes better as you grow older, now is the time for you to get a shop of your own. Tire and battery repairing is a good combination. No matter how slack general business becomes, tires and batteries must be repaired. 28 million auto and radio batteries must be maintained in service. Only a few weeks in our school will make you a tire and battery expert. Many of our graduates have opened shops of their own and are clearing about $400 per month. We also teach: auto mechanics, welding, ignition and generator work, machine shop, bench work. Day or evening classes. Learn while you earn. This school has world-wide reputation—students from 27 foreign countries now in attendance. Endorsed by auto manufacturers. Established 16 years. Big catalogue free. Write today.

HIGH LIGHTS OF HISTORY

Registered U. S. Patent Office.

Capture of Fort Pillow and Memphis.

by J. CARROLL MANSFIELD

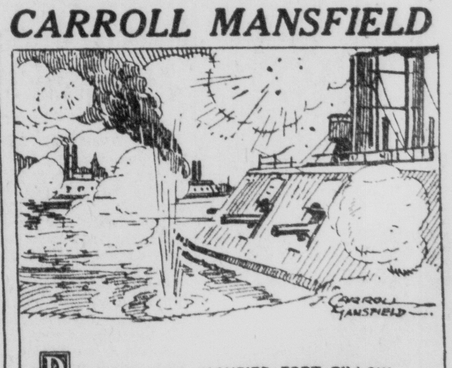

A WEEK AFTER THE CAPTURE OF ISLAND NUMBER TEN, COMMODORE FOOTE WITH THE UNION FLEET MADE A FURTHER ADVANCE DOWN THE MISSISSIPPI, WITH THE OBJECT OF CAPTURING MEMPHIS IN CO-OPERATION WITH THE ARMY OF GENERAL POPE. POPE'S ARMY, HOWEVER, WAS ORDERED TO PITTSBURG LANDING AND FOOTE WAS OBLIGED TO CARRY ON THE CAMPAIGN ALONE.

FOR A WHILE, FOOTE BOMBARDED FORT PILLOW, THAT GUARDED THE APPROACH TO MEMPHIS, BUT, SUFFERING FROM THE WOUND RECEIVED AT FORT DONELSON, HE WAS FORCED TO RETIRE FROM ACTIVE DUTY. HE WAS SUCCEEDED ON MAY 9 (1862) BY COMMODORE DAVIS.

THE FOLLOWING DAY THE UNION FLEET WAS SET UPON BY THE CONFEDERATE FLOTILLA UNDER COMMODORE HOLLINS, BUT BEAT OFF THE ATTACK. ON JUNE 4, DAVIS LEARNED THAT FORT PILLOW AND MEMPHIS HAD BEEN ABANDONED BY THE CONFEDERATES AS A NATURAL SEQUENCE TO THE EVACUATION OF CORINTH BY GEN. BEAUREGARD.

DAVIS AT ONCE OCCUPIED FORT PILLOW AND ON JUNE 6 FOUGHT AN EPIC BATTLE WITH HOLLINS' FLEET ON THE MISSISSIPPI BEFORE THE CITY OF MEMPHIS, IN WHICH ALL BUT ONE OF THE SOUTHERN VESSELS WERE CAPTURED OR DESTROYED. AFTER THE ENGAGEMENT THE FEDERALS ENTERED AND OCCUPIED THE CITY.

President Signs Radio Control Bill Last Night

Local radio fans received with interest today the announcement that President Coolidge had signed the radio control bill. By the signature of this bill some hope is seen for the future of radio.

The bill authorizes the appointment of a bureau of five who will have control for one year over all radio questions. Wave-lengths, number and power of stations, chain broadcasting, length of time stations may broadcast and prevention of discrimination will all come under the board.

After a year the commission will have power to pass upon all questions in dispute and all questions voluntarily referred to it by the Secretary of Commerce.

Since the supreme court took away the authority of the Department of Commerce radio has been in a bad way. Stations have changed their wave-lengths at will, new stations have cropped up like mushrooms and the air has been so full of programs and on such closely related wave-lengths that it has been a task to get any programs anyways clearly.

CONRATH DIES AFTER ILLNESS

Erie Man, Head Of Contracting Firm Building "The Castleton" Dies

(International News Service)

ERIE, Pa., Feb. 24.—Henry J. Conrath prominent Erie building contractor, died at his home here today, following a month's illness. Conrath headed a firm which in recent years constructed many large buildings in Western Pennsylvtnia, notably in New Castle and Farrell.

The Conrath Company has the contract for construction of The Castleton hotel in this city. The death of Mr. Conrath will not delay construction of the hotel here.

N. Y. STOCKS

(International News Service)

NEW YORK, Feb. 24.—Profit taking in the active railroad and industrial stocks in the early trading today held up the enthusiastic rally which was in progress at yesterday's close. But vigorous buying of new favorites in the independent steel, mercantile, copper and specialty stocks started an impressive forward movement in other sections of the market, and the volume of trading was as heavy as in any of the other recent sessions.

With Baldwin and U. S. Steel again in the background, General Motors forged to the front as the leader of the bullish forces. A large volume of transactions was recorded around 160. Montgomery Ward, representing the mercantile shares; Consolidated Gas and Water Works, for the utilities; Bethlehem and Republic, for the independent steels; were the leaders in the new upward swing of prices.

Though the oil stocks were generally reactionary, Houston and General Asphalt continued to move upward aggressively, the former advancing 3 points to a new high at 93. The rails were inactive rather than reactionary, though Lackawanna lost about 3 points.

Call money renewals were marked up fractionally to 4 per cent.

Charge Reed With Using Senate Board For Own Purposes

Indiana Senator Accuses Reed Used Committee For Political Reasons

(International News Service)

WASHINGTON, Feb. 24.—In one of the most dramatic debates within recent memory, Senator James A. Reed (D) of Missouri was charged in the senate this afternoon with having used the senate campaign fund investigations to advance his own aspirations for the Democratic presidential nomination.

The charges, made by Senator Arthur R. Robinson (R) of Indiana, amazed the senate and brought Reed to his feet to make an indignant, sweeping denial.

"I shall take each of the statements made by the senator from Indiana and prove every one of them is absolutely and unqualifiedly false," said Reed.

Police Officer Is Shot And Killed By Fellow Policeman

(International News Service)

PHILADELPHIA, Feb. 24.—Robert A. McGarvey, 27, a patrolman was shot and killed by a fellow policeman in a saloon here today.

Police say his assailant was James J. Leigh. The shooting was at first believed to have been accidental but an investigation disclosed the two men had become embroiled in an argument. Leigh escaped by waving his pursuers off with his revolver, police said.

SHERIFF DIES FROM WOUNDS

(International News Service)

BRISTOL, Pa., Feb. 24.—Abram L. Kulp 59 sheriff of Bucks county died in the Harrimann hospital here today from a gunshot wound in the abdomen received late yesterday when he attempted to serve divorce papers on Ernest Reiker at Langhorne.

Kulp was rushed here following the shooting and physicians operated immediately in an effort to save his life. Reiker also shot and killed his estranged wife Helen 25 when she appeared at Reiker's home with the sheriff.

SEAMAN WOUNDED WHILE IN SERVICE IN NICARAGUA

(International News Service)

READING, Pa., Feb. 24.—Mr. and Mrs. Henry Dankel of near Mertztown have received word that their son, Edwin, 36, U. S. seaman, has been seriously wounded while on duty with the American forces in Nicaragua. He is reported to have been shot in the head.

Dankel formerly was recruiting officer at Allentown, where he married Miss Ruth Weiss, daughter of Milton Weiss, superintendent of prison labor.

Dankel held the title of chief gunner's mate.

Dr. Stone Speaks At Noon Meeting

Noted Chicago Pastor Speaks On Conditions In China

In speaking of conditions in China at a noonday meeting held in the Central Presbyterian church today, Dr. John Timothy Stone in the first of four messages to be delivered in New Castle said that it is an economical condition rather than a moral and spiritual condition. The moral and spiritual conditions established there by missionaries remain firm, but different economic conditions have not yet been assimilated by the people. The steam shovel is replacing the coolie who lifted a few pounds of dirt in his basket. The steamboat is replacing the junks propelled by women at the oars.

Dr. Stone who is pastor of the Fourth Presbyterian church in Chicago and is one of the leading Christian ministers of our country delivered the first of four messages in the Central Presbyterian church today at noon before a large crowd of people. He will speak this evening at 7:45 in the First Presbyterian church and tomorrow noon again at the Central Presbyterian church on the subject "Stewardship of the Mysteries of God."

Dr. Stone who recently returned from an extensive trip in India and China and other points of the East said that although we did not have much physical need and suffering in America, there is terrible need in the East, and that need is being met and that suffering relieved only by the Christian nations and Christian people.

And yet, he said, that need is being met by the one helped being taught to stand on his own feet. China will become a stable nation only when the Chinese are taught to stand on their own feet. And the present turmoil in China and India is that they are just finding that they have feet and are trying to stand on them.

COURT PASSES SENTENCE UPON FRED MAYBERRY

Appeal Is Made For Supercedias After Sentence Is Imposed

At the opening of court this afternoon, Judge R. Lawrence Hildebrand sentenced Fred L. Mayberry to not less than two nor more than five years to the Western penitentiary. Mayberry was found guilty of manslaughter arising out of the death of Mary Emma Gibson, aged 9, some months ago.

Attorney A. Martin Graham, counsel for Mayberry, announced that he would ask for a supercedias from the superior court, setting aside the sentence and granting a new trial.

The sentence came today following the refusal of Judge Hildebrand to grant a new trial.

POLICE TARGET PRACTICE LOOMS

Range Will Be Completed Soon; New "Backwall" Being Built

Police officials today issued orders to officers to prepare for target practice.

The order came as a result of the range in the cellar of the city building undergoing repairs.

A new "backwall" is being built and within a few days practice will be resumed.

While practice was under way last year some fine marks were made and marksmanship was high.

Police Chief Dysart wants the men to know how to shoot, and to shoot straight, when the occasion demands.

He believes that patrolmen and detectives should be able to drop their man when they draw their gun.

However, he does not believe a gun should ever be drawn excepting when it is to be used.

The police practice will not be a "sport affair" but a duty, he indicates.

Arrest Boarder For Shooting

(International News Service)

MOUNT CARMEL, Pa., Feb. 24.—Police reported a shooting affair at the home of Martin Garvin here shortly before noon today in which Garvin was seriously wounded above the heart.

Frank Weary a boarder in the Garvin home was arrested by police in connection with the shooting and taken to the county jail at Sunbury. He will be held pending the outcome of Garvin's wound officials said.

Physicians at the local hospital where Garvin was taken said that the latter's condition was critical.

Dr. Stone's Theme For Night's Service

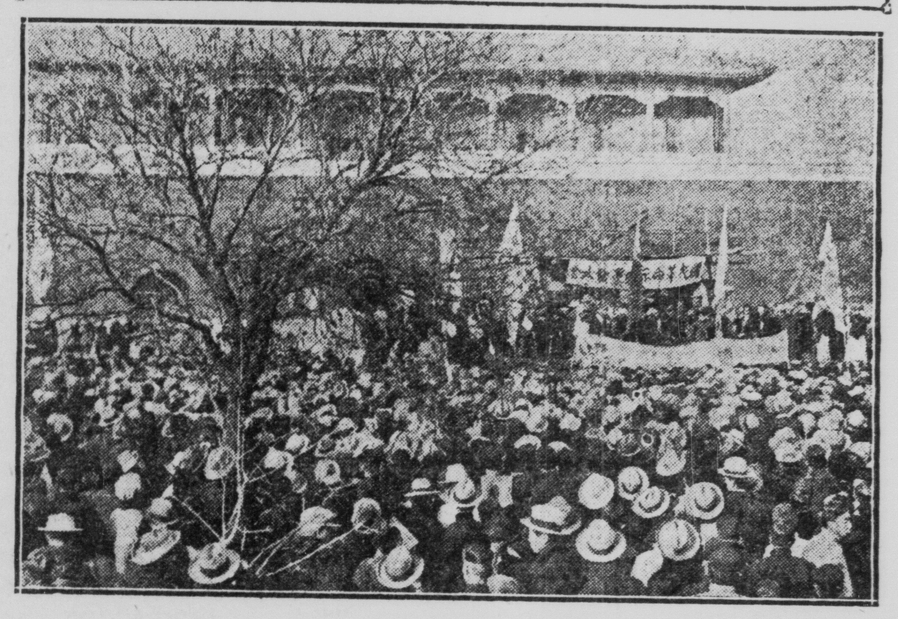

Dr. Timothy Stone of Chicago, Ill., who is speaking here today and tomorrow, will speak this evening in the First Presbyterian church on the theme, "The Three-Fold Gift of God". The service will start at 7:45 o'clock.

Grafton Speaks At Legion Home

Makes Address At Noon Hour Lunch Of Legion Members

Charles W. Grafton, manager of the local Credit Bureau was the speaker of the day at the Legion Lunch club's weekly meeting today at noon in the Legion Home and spoke on the workings of the local organization. He explained that it was not a rating bureau and was merely designed to centralize the paying habits of those who used credit with local merchants.

An added feature today was the singing of Evangelist Carlson who is appearing in the Epworth M. E. church. He sang two numbers accompanied by his wife. The meeting was in charge of Attorney William J. Caldwell.

PEACHES TO ARRIVE

(International News Service)

NEW YORK, Feb. 24—"Peaches" Browning, some ten or fifteen pounds lighter, was due to arrive home today from her vacation in Bermuda, to take up again her marital battle with her elderly millionaire husband, Edward "Daddy" Browning.

With his wife's return Browning again started issuing statements today, the newest one being to the effect that he "has a feeling" his separation suit will be decided against him, in which case he said he would start proceedings for an annulment.

The prefix "Mac" in a name means "son of".

My Powder For Girls

By Edna Wallace Hopper

Countless girls and women asked me about my powders. I did not supply them at first. In fact, I was paying $5 per box, and only stage stars will do that.

But now I am having these powders made by the hundred thousands boxes. And those boxes now sell at 50c and $1—the powders used by movie stars, the finest that skill can produce. All toilet counters supply them in my name.

There are two types. One is my Youth Cream Powder—a heavy cold cream powder that clings and stays. I use that type. Many women prefer a light and fluffy powder, so I have the same powders made in that way, and the price is only 50c.

Let me send you some samples on little vanity tabs. Let me treat you to the finest powders in the world. Mark and clip the coupon now.

LETTERS TO THE NEWS

ABOUT WINTER BIRDS

Editor News:—

When cold winter settles down on us and the flowers gone, a majority of the birds are away on their winter tours. All animal life is at low ebb. The nature lover must then get up and bestir himself if he wishes to make good and catch glimpses of some of the most interesting items of the year, when the ground is white and the wind is driving everything before it. To most of us the sight is very dreary. But at such times and at irregular intervals the nature lover is rewarded for his toil by seeing birds from the far north here on a visit.

This season large numbers of the snowy or Arctic owls visited the northern states, some of them going as far south as Virginia. While they have been abundant this year it may be several years before we have a chance to see them again. This Arctic bird is one of the largest owls in America. They are circumpolar in their distribution, being found in the frigid parts of Asia and Europe as well as America. As with all birds of prey the female is the larger. The small male, if he is fortunate enough to live several years, becomes entirely white, a color that harmonizes well with their natural surrounding. The female always has many dark brown spots on her. Their legs are short and densely feathered to the ends of the toes, a sure indication of a far northern home. Living in the far north where they are seldom molested they have little fear of man, and so become easy prey to the gun, an act that is far from being justifiable. This owl is not the only pretty bird from beyond the limit of trees to visit in this latitude in the cold winter.

The snow bunting, or as it is more commonly called, Snowflake, often visits us. While they may be very abundant one winter, several years may elapse before we see them again. They usually begin coming late in November, one or two only being seen together but as the season advances the flocks increase until they sometimes number thousands of birds. The birds are very white, with black markings on the wings and tail and buff on the head and breast, while with us, but after they reurn north these colors pass off and the birds become all white.

These birds do not molt as do birds of the warmer parts of the country but the feathers wear off, and continue to grow. They nest on the ground in the Arctic zone. They are called Snow Flake from their movement when on the wing. When a flock is traveling some are always settling down, while others are rising like the snow flakes.

The Lapland Long Spur, another Arctic bird often accompanies the Snow Flake here. These birds are much darker color than the others. Often we hear some one predict snow storms or settled weather, according to the color of the flock of Snowbirds they had seen, but there are two species of birds of different colors. These birds are great destroyers of weed seed. They are rather shy and if they see you coming they hide behind a weed or clod of dirt until they are sure the danger is past. They are called Long Spur on account of the nail of the hind toe being much longer than the toe. This winter we have been favored in this latitude with the presence of large flocks of the beautiful Smith's Long Spur, a very gaily dressed bird from the Arctic zone, west from Hudson Bay. It is very rare for these birds to be seen east of the Mississippi river.

JUST how to make motherhood a joy is one of the most important things in the world for you to know, right now, mother-to-be! Learn the great truth; use the simple method of an eminent physician who dedicated his life's work to this *great accomplishment* for your benefit!

"I was in labor only 25 minutes with my last child, but suffered agonies with three previous children," writes an enthusiastic mother who used Mother's Friend. *Great has been the praise of Mother's Friend for over three generations!*

Mother's Friend aids the skin and muscles to expand more easily during the constant readjustment of expectancy, month after month, right up to childbirth!

Mother's Friend is safe for you to use because it contains no harmful drugs and is applied externally.

Mother! Insist on Mother's Friend—the same as used by our mothers and grandmothers—don't wait—start using tonight—and meanwhile write Bradfield Regulator Co., Dept. 32, Atlanta, Ga., for *free* valuable booklet "Motherhood and the Coming Baby" (sent in plain envelope). It tells how Mother's Friend can help you during expectancy and at childbirth. This booklet also tells you many other things you want to know. "Mother's Friend" is sold by all druggists—*everywhere*

Fez Makers Now Without Work

(International News Service)

PRAGUE, Feb. 24.—The many makers of the little Turkish fez are now sitting with their hands folded. Until the recent edict of Mustapha Kemal this city furnished a large number of the little red caps worn in Turkey, and a great many workers are now wondering where their next meal will come from. The large factory of Pisekn which specializes in this kind of headgear, has dismissed over 400 workmen and others have greatly reduced the number of hours as well as workers.

The reason the modern five-cent cigar seems sorry is because post-war days introduced the country to quarter ones.
